Tv Guide Roundup:

TV Guide Roundup, 1960 *TV Guide*, 2006 TV Guide Roundup TV guide, 1961 **Television Variety Shows**

David M. Inman, 2014-12-03 For the few hundred television viewers in 1946 a special treat on the broadcast schedule was the variety show called Hour Glass It was the first TV program to go beyond talking heads cooking demonstrations and sporting events featuring instead dancers comics singers and long commercials for its sponsor Chase and Sanborn coffee Within two years another variety show Texaco Star Theatre became the first true television hit and would be credited with the sales of thousands of television sets The variety show formula was a staple of television in its first 30 years in part because it lent itself to a medium where everything had to be live and preferably inside a studio Most of the early television stars including Jackie Gleason Milton Berle Sid Caesar Ed Sullivan Red Skelton Dinah Shore and Arthur Godfrey rose to prominence through weekly variety shows In the 1960s major stars such as Jerry Lewis Dean Martin Judy Garland and Danny Kaye were hosting variety shows By the 1970s the format was giving way to sitcoms and dramas but pop music stars Sonny and Cher Tony Orlando and Dawn and Donny and Marie Osmond hosted some of the last of the species This book details 57 variety shows from the 1940s through the 1990s A history of each show is first provided followed by a brief look at each episode Air date guest stars sketches performed and a listing of songs featured are included **Olympic Television** Andrew C.

Billings, James R. Angelini, Paul J. MacArthur, 2017-07-31 As the Olympic spectacle grows broadcast coverage becomes bigger more complex and more sophisticated Part sporting event part reality show and part global festival the Olympics can be seen as both intensely nationalistic and a celebration of a shared sense of international community This book sheds new light on how the Olympic experience has been shaped by television and expanded across multiple platforms and formats Combining a multitude of approaches ranging from interviews to content analyses to audience surveys the book explores the production influence and significance of Olympic media in contemporary society Built on a central case study of NBC's coverage of the Rio Games in 2016 which is then placed within 20 years of content analyses the book focuses on the entire Olympic television process from production to content to effects Touching on key themes such as race gender history consumerism identity nationalism and storytelling Olympic Television Broadcasting the Biggest Show on Earth is fascinating reading for any student or scholar with an interest in sport media and the global impact of mega events **It's the Pictures That Got**

Small Christine Becker, 2008 An original study of Hollywood film stars and 1950s television **Electronic Hearth** Cecelia Tichi, 1992-10-29 We all talk about the tube or box as if television were simply another appliance like the refrigerator or toaster oven But Cecilia Tichi argues that TV is actually an environment a pervasive screen world that saturates almost every aspect of modern life In *Electronic Hearth* she looks at how that environment evolved and how it in turn has shaped the American experience Tichi explores almost fifty years of writing about television in novels cartoons journalism advertising and critical books and articles to define the role of television in the American consciousness She examines early TV

advertising to show how the industry tried to position the new device as not just a gadget but a prestigious new piece of furniture a highly prized addition to the home The television set she writes has emerged as a new electronic hearth the center of family activity John Updike described this primitive appeal of the hearth in Roger's Version Television is its irresistible charm a fire Entering an empty room we turn it on and a talking face flares into being Sitting in front of the TV Americans exist in a safety zone free from the hostility and violence of the outside world She also discusses long standing suspicions of TV viewing its often solitary almost autoerotic character its supposed numbing of the minds and imagination of children and assertions that watching television drugs the minds of Americans Television has been seen as treacherous territory for public figures from generals to presidents where satire and broadcast journalism often deflate their authority And the print culture of journalism and book publishing has waged a decades long war of survival against it only to see new TV generations embrace both the box and the book as a part of their cultural world In today's culture she writes we have become teleconscious seeing for example real life being certified through television as seen on TV and television constantly ratified through its universal presence in art movies music comic strips fabric prints and even references to TV on TV Ranging far beyond the bounds of the broadcast industry Tichi provides a history of contemporary American culture a culture defined by the television environment Intensively researched and insightfully written *The Electronic Hearth* offers a new understanding of a critical but much maligned aspect of modern life *Torn from the Nest* Clorinda Matto de Turner, 1999-04-29 Clorinda Matto de Turner was the first Peruvian novelist to command an international reputation and the first to dramatize the exploitation of indigenous Latin American people She believed the task of the novel was to be the photograph that captures the vices and virtues of a people censuring the former with the appropriate moral lesson and paying its homage of admiration to the latter In this tragic tale Clorinda Matto de Turner explores the relationship between the landed gentry and the indigenous peoples of the Andean mountain communities While unfolding as a love story rife with secrets and dashed hopes *Torn from the Nest* in fact reveals a deep and destructive class disparity and criticizes the Catholic clergy for blatant corruption When Lucia and Don Fernando Marin settle in the small hamlet of Killac the young couple become advocates for the local Indians who are being exploited and oppressed by their priest and governor and by the gentry allied with these two Considered meddling outsiders the couple meet violent resistance from the village leaders who orchestrate an assault on their house and pursue devious and unfair schemes to keep the Indians subjugated As a romance blossoms between the a member of the gentry and the peasant girl that Lucia and Don Fernando have adopted a dreadful secret prevents their marriage and brings to a climax the novel's exposure of degradation they share the same father a parish priest *Torn from the Nest* was first published in Peru in 1889 amidst much enthusiasm and outrage This fresh translation the first since 1904 preserves one of Peru's most distinctive and compelling voices *The Hollywood Reporter*, 1960
