An inspiring manifesto offering a radical vision for our political future We live in an age of crisis and decline The right presents solutions that only worsen the situation driving a downward cycle in which desperation leads to despair But the left is also to blame progressive politicians have consistently failed to recognise both the urgency of people's need and their receptiveness to new solutions In *Act now* a team of leading researchers presents a compelling and achievable vision for a progressive future They outline clear policies for welfare health and social care education housing and more Arguing for a rolling forwards of the state they call for a new era of active citizenship and economic democracy grounded in robust and resilient institutions Only a comprehensive and integrated approach based on clear evidence of feasibility and popularity can provide a pathway to the secure democratic and prosperous Britain of tomorrow This book is the blueprint It calls on politicians pundits and the British people to act now No Direction Home United States.
