Common Characteristics and Unique Qualities in Preschool Programs

Sue C Wortham, 2012-11-29 We live in a world that is transitioning from focus on early childhood education within individual countries into a global perspective that considers how early childhood education is conducted in many diverse cultures and environments The challenge on a global basis is how to develop programs in countries and environments that are different from a specifically western perspective Economic geographic and cultural influences infuse early childhood programs around the world In 1999 a group of educators representing 36 countries developed guidelines for establishing minimum standards for preschool programs A purpose for developing the guidelines was to provide guidance for countries that wished to evaluate and improve their own programs A second purpose was to help developing countries initiating preschools to have relevant information about quality programs The later development of an assessment tool based on the Global Guidelines served as a vehicle to use the guidelines to assess a single program or multiple programs The continuing work with these guidelines in many countries throughout the world since 2000 has resulted in the collection of information that reveals the uniqueness of programs in different countries

Strategic Public Private Partnerships

David Maurrasse, 2013-01-01 This timely book addresses contemporary and future dynamics of collaboration combining public private and nongovernmental resources at a time when global concerns ranging from economic insecurity to environmental threats to chronic diseases cannot be solved by single sectors David Maurrasse reveals that government alone cannot adequately address the myriad challenges of our complex times Therefore while the idea of collaboration is increasingly popular such efforts are difficult to implement The author expertly analyzes the strengths weaknesses and potential of cross sector partnerships transcending the public private paradigm by integrating the social sector into its framework A number of diverse case studies from across the globe are presented alongside strategies opportunities and future challenges for strengthening partnerships The book captures current thinking and approaches to partnerships leveraging the public private and social sectors to address pressing contemporary issues and stimulate innovation As such it will prove an invaluable reference tool for not only academics students and researchers in the fields of public sector economics public policy and business and management but also for practitioners and policymakers involved in the review of specific manifestations of cross sector partnerships

Feminist Solutions for Ending War

Megan MacKenzie, Nicole Wegner, 2021-11-20 War is a man s game or so goes the saying Whether this is true or not patriarchal capitalism is certainly one of the driving forces behind war in the modern era So can we end war with feminism This book argues that this is possible and is in fact already happening Each chapter provides a solution to war using innovative examples of how feminist and queer theory and practice inform pacifist treaties movements and methods from the international to the domestic spheres The contributors propose a range of solutions that include arms abolition centring Indigenous knowledge economic restructuring and transforming how we count civilian deaths Ending war requires challenging complex structures but the solutions found in this edition have risen to this challenge By

thinking beyond the violence of the capitalist patriarchy this book makes the powerful case that the possibility of life without war is real
