has always inspired and incited voters In this collection of 27 pivotal campaign speeches Michael Cohen helps bring to life the speeches that defined and dramatized American politics over the last century From FDR s pledge for a New Deal to Nixon s legendary Checkers speech from Dan Quayle s attack on Murphy Brown to select speeches from this year s presidential race the stump speech has been the primary vehicle for candidates to share their political ambitions and ideals with the American people With supporting essays that set the scene and provide the appropriate context for understanding what was said how it was said and why Live from the Campaign Trail illustrates how campaign speeches have fundamentally shaped the way we think about American politics
