is a clear rationale for men's seemingly illogical behavior. In this book we are going to explore the underlying factors that drive male behavior. Often these behaviors seem incongruent with reality. They don't seem to match up with what a regular person would do. However, when you dig deep down, you will realize that there is logic to the madness. In this volume we will discuss the following topics: The factors causing men to lash out at others around them; The reasons why men have trouble forming solid relationships; The elements that lead men to act irrationally in the face of difficult situations; The reasons why men have trouble communicating their emotions; The underlying factors that cause men to run away from their feelings; The explanation behind alpha males; The insights that uncover the truth behind insecurity; The elements that cause men to sabotage their success; The causes of anxiety and depression in males; The insights that reveal the inner workings of the male psyche and lots more. If you are tired of hitting your head up against the wall as you try to figure men out, then this is the book for you. Herein you'll find a trove of information that will lead you to gain a fresh perspective on an age-old issue. There is no time like the present to put all of your doubts to rest once and for all. The time has come for you to dig deep into the factors that cause men to act and react the way they do. You'll discover why there truly is logic to the madness. Best of all, this book has been written in an easy-to-read format. As such, there aren't any wordy explanations here. What you see is what you get. So if you are ready to get started uncovering the inner secrets of the male mind, then take a long, hard look at this book. We guarantee that you'll never look at a man the way you did before reading this book. If you are ready to dive into the way the male psyche works, then buckle up. We are not going to be pulling any punches here. In this volume, what you see is what you get. We are going to get down to business right from the start. So all you need is to keep an open mind. The distinguished group of authors responds directly to New Right political discourse, identifying key ambiguities, ideological convictions, and methodological problems.

**Man Has Lost His Damn Mind** David K. Sparks, 2005-01-01. Man can't climb out of the box he's in until he realizes he's in it. Man also needs to stop measuring his worth by the work he does because this leaves many of us feeling worthless. Man has to realize that no job is going to satisfy the hunger he's really seeking to quench. That is the hunger to feel the same sense of indispensability to their families that real men feel when they are the breadwinners. Basically, man needs to consider doing what his wife or partner is encouraging him to do, which is to ease up on over-investing into his job and invest more of himself into the work of homemaking.
