Movies and Mass Culture John Belton,1996 On how American identity is shaped by motion pictures **Film Theory** Philip Simpson,Andrew Utterson,Karen J. Shepherdson,2004 This major new collection identifies the critical and theoretical concepts which have been most significant in the study of film and presents a historical and intellectual context for the material examined **Noir Style** Alain Silver,2013-10-16 In the world of film noir style becomes paramount wrote Paul Schrader in his seminal Notes on Film Noir **Horror Film** ,2004 **Film Genre Reader IV** Barry Keith Grant,2012-12-01 From reviews of the third edition Film Genre Reader III lives up to the high expectations set by its predecessors providing an accessible and relatively comprehensive look at genre studies The anthology s consideration of the advantages and challenges of genre studies as well as its inclusion of various film genres and methodological approaches presents a pedagogically useful overview Scope Since 1986 Film Genre Reader has been the standard reference and classroom text for the study of genre in film with more than 25 000 copies sold Barry Keith Grant has again revised and updated the book to reflect the most recent developments in genre study This fourth edition adds new essays on genre definition and cycles action movies science fiction and heritage films along with a comprehensive and updated bibliography The volume includes more than thirty essays by some of film s most distinguished critics and scholars of popular cinema including Charles Ram rez Berg John G Cawelti Celestino Deleyto David Desser Thomas Elsaesser Steve Neale Thomas Schatz Paul Schrader Vivian Sobchack Janet Staiger Linda Williams and Robin Wood Popular Cinema as Political Theory J. Nelson,2013-12-05 The book presents cinematic case studies in political realism versus political idealism demonstrating methods of viewing popular cinema as political theory The book appreciates political myth making in popular genres as especially practical and accessible theorizing about politics **Projecting Paranoia** Ray Pratt,2001 A wide ranging and idiosyncratic look at sixty years of politics and film that uncovers how American movies have mirrored and even challenged anxieties and paranoid perceptions embedded in American society since the start of the Cold War The first book to take a sweeping look at 60 years of film and analyze them thematically **Dark Page Two** Kevin Johnson,2009 Following up on his well received bibliography of first edition sources for American film noir of the 1940s Kevin Johnson s new bibliography The Dark Page II explores the second half of the classic American period covering the years 1950 1965 Ground rules for noir style were by this time firmly established in Hollywood and new techniques and themes had emerged including location shooting and documentary style storytelling the incorporation of social issues into storylines the final years of the Production Code s stranglehold on film content and the influence of the style on Westerns melodramas and even science fiction Importantly too this era would see many of Hollywood s finest writers and directors blacklisted jailed or exiled as a result of McCarthy and the House Un American Activities hearings The literary sources that informed this era evolved as well with Hollywood taking a greater interest in the surprisingly literate novels that were being published as paid by the word paperback originals as

well as hardcover titles being released by obscure and often short lived publishers The influence of the film industry on the book industry was felt in turn with stories being snatched up as film options as soon as they first appeared in magazines and newspapers sometimes resulting in a book publication that would never have occurred otherwise The Dark Page II is an essential volume in a continuing series of references that are projected to cover American screwball comedies European film noir and American crime films and dramas of the late 1960s and 1970s Full color photos of each first edition are featured as well as bibliographical points for each book and a bounty of factual information surrounding both the origins of the books and their subsequent film adaptations
