Subtle Censorship:

Social Media and e-Diplomacy in China Ying Jiang, 2017-08-09 As with many spheres of public life public diplomatic communication is being transformed by the boom of social media More than 165 foreign governmental organisations in China have embarked on the use of Weibo a hybrid of Facebook and Twitter in China to engage with Chinese citizens and reach out to youth populations one of the major goals of current public diplomacy efforts This exciting new pivot based on systemic research of Weibo usage by embassies in China explores the challenges and the limits that the use of Chinese Weibo and Chinese social media in general poses for foreign embassies and considers ways to use these or other tools It offers a systematic study of the effectiveness and challenges of using Weibo for public diplomatic communication in and with China Addressing the challenges of e diplomacy it considers notably the occurrence of cyber nationalism on Weibo and encourages a critical look at its practice arguing how it can contribute to the goals of public diplomacy

Reading Children's Literature: A Critical Introduction - Second Edition Carrie Hintz, Eric L. Tribunella, 2019-03-28 Reading Children's Literature offers insights into the major discussions and debates currently animating the field of children's literature Informed by recent scholarship and interest in cultural studies and critical theory it is a compact core text that introduces students to the historical contexts genres and issues of children's literature A beautifully designed and illustrated supplement to individual literary works assigned it also provides apparatus that makes it a complete resource for working with children's literature during and after the course The second edition includes a new chapter on children's literature and popular culture including film television and merchandising and has been updated throughout to reflect recent scholarship and new offerings in children's media

Censorship in America Olga Gruhzt-Hoyt, Edwin Palmer Hoyt, 1970

Let 100 Voices Speak Liz Carter, 2015-07-16 From the Occupy movement in the Western world to the Arab Spring and the role of Twitter in the Middle East the internet and social media is changing the global landscape China is next Despite being a heavily censored society China has over 560 million active internet users more than double that of the USA In this book social media expert and China watcher Liz Carter tells the story of how the internet in China is leading to a coming together of activists ordinary people and cultural trendsetters on a scale unknown in modern history News about protests and natural disasters or gossip and satirical jokes are practically uncensorable and spread quickly through Weibo the Chinese Twitter and the Chinese internet underground More than that a grassroots foundational shift of assumptions and expectations is taking place as Chinese men and women cast off the communistera stability at all costs mantra and find new forms of selfexpression creativity and communication with the world

A Cognitive Psychology of Mass Communication Richard Jackson Harris, 2004 The author examines how our experiences with media affect the way we acquire knowledge and how this knowledge creates consequences for attitudes and behaviour

Speech Control Rise Eliza Hope, AI, 2025-02-18 *Speech Control Rise* explores the increasing regulation of public expression in Europe particularly concerning religious speech and traditional values It examines how legal frameworks socio political contexts and practical consequences intersect to reshape the boundaries of free speech The book highlights that while regulating hate speech is generally accepted current trends extend to encompass speech expressing traditional religious or moral viewpoints This expansion often justified as protecting vulnerable groups may inadvertently stifle legitimate expression The book unfolds in three sections the legal landscape the socio political factors driving regulation and the real world implications By analyzing case law from the European Court of Human Rights and comparing speech laws across various European countries the book reveals the impact on religious freedom and the potential for self censorship It argues that understanding the balance between protecting vulnerable groups and preserving freedom of expression is crucial Offering a novel perspective the book connects to law political science sociology and religious studies providing a comprehensive understanding of speech regulation's complexities The analysis combines rigorous academic research with accessible language making it valuable to legal scholars policymakers and anyone interested in the future of free speech in Europe
