**Animals and Women** Carol J. Adams, Josephine Donovan, 1995-11-14 Animals and Women is a collection of pioneering essays that explores the theoretical connections between feminism and animal defense Offering a feminist perspective on the status of animals this unique volume argues persuasively that both the social construction and oppressions of women are inextricably connected to the ways in which we comprehend and abuse other species Furthermore it demonstrates that such a focus does not distract from the struggle for women s rights but rather contributes to it This wide ranging multidisciplinary anthology presents original material from scholars in a variety of fields as well as a rare early article by Virginia Woolf Exploring the leading edge of the species gender boundary it addresses such issues as the relationship between abortion rights and animal rights the connection between woman battering and animal abuse and the speciesist basis for much sexist language Also considered are the ways in which animals have been regarded by science literature and the environmentalist movement A striking meditation on women and wolves is presented as is an examination of sexual harassment and the

taxonomy of hunters and hunting Finally this compelling collection suggests that the subordination and degradation of women is a prototype for other forms of abuse and that to deny this connection is to participate in the continued mistreatment of animals and women

acclaimed novels will occasionally spot hints of themes and figures that have recurred throughout his fiction readers new to his work will delight in finding subtle links within the pieces Are they all part of some larger untold story We have nothing to lose but the chains of our imagination what lies beyond is a great change of being The Great Chain of Unbeing is unboring unusual and quite brilliant Adam Roberts in The Literary Review It is a delightful introduction to his singularly riddling work and in Crumeyesque style it is an intermezzo that doubles as an overture Stuart Kelly in The Scotsman The Great Chain of Unbeing a book bursting with fertile fusions of ideas by this Scottish Borges The Sunday Herald
