The Christian Revelation Borden Parker Bowne, 1898

The Christian Revelation Carmelo Dotolo, 2006

Revelation Richard Swinburne, 2007-07-26 The great religions often claim that their books or creeds contain truths revealed by God How could we know that they do In the second edition of Revelation renowned philosopher of religion Richard Swinburne addresses this central question But since the books of great religions often contain much poetry and parable Swinburne begins by investigating how eternal truth can be conveyed in unfamiliar genres by analogy and metaphor within false presuppositions about science and history In the final part of the book Swinburne then applies the results of Parts I and II to assessing the evidence that the teaching of the Christian Church constitutes a revelation from God In the course of his philosophical exploration Swinburne considers how the church which Jesus founded is to be identified today and presents a sustained discussion of which passages in the Bible should be understood literally and which should be understood metaphorically This is a fuller and entirely rewritten second edition of Revelation the most notable new feature of which is a long chapter examining whether traditional Christian claims about personal morality divorce homosexuality abortion etc can be regarded as revealed truths A formal appendix shows how the structure of evidence supporting the Christian revelation can be articulated in terms of the probability calculus and shows that Plantinga's well known argument from dwindling probabilities against probabilistic arguments of this kind is not cogent

Understanding the Book of Revelation Terri

Lewis, 2010-09 Understanding the Book of Revelation is an exposition of the Book of Revelation simply written explaining the main symbols according to the findings of most scholars on each topic It is not weighted down with speculation and fringe concepts but defines the meanings that are most often held by Biblical scholars This book takes you step by step through the Book of Revelation expounding on each issue so that you can uncover for yourself what will happen during these exciting times It will tell you if the perspective is from heaven or earth if the event is mentioned chronologically or if something yet in the future is being explained No longer do you have to be intimidated by the Book of Revelation Now you can enjoy the blessings promised to those who read and hear its message This is a book for people of all ages and denominations who are interested in understanding the Book of Revelation Dr Terri Lewis began seriously studying God's Word after she attended many hours of home Bible studies in the 70s and 80s and still desired more Delving deeper into the Word alone and with friends and attending college Bible courses whenever they were available she realized her passion for God's Word Terri taught Bible in the Christian Schools where she worked and later received a Doctorate Degree in Christian Education
