**Whitaker's Cumulative Book List** ,1978 [An Introduction to the Music of Milton Babbitt](#)

Andrew Mead,2014-07-14 In this celebration of Milton Babbitt s art Andrew Mead explores the development of a central figure in contemporary American music As a teacher and writer Babbitt has influenced two generations of students including such notable musicians as Stephen Sondheim and Donald Martino He has helped establish the study of music theory as a serious academic pursuit and his articles on Schoenberg Stravinsky and the twelve tone system constitute a seminal body of research But Babbitt is first and last a composer whose works are in Mead s words truly music to be heard With Mead as a guide we discover the strong emotional and expressive charge of Babbitt s music that is inextricably entwined with its structure Babbitt is a twelve tone composer unabashedly so and it is precisely his profound understanding of Arnold Schoenberg s epochal insight that gives Babbitt s music its special quality By examining the underlying principles of twelve tone composition Mead allows us to appreciate Babbitt s music on its own terms as a richly varied yet unified body of work In achieving this purpose he provides an excellent introduction to twelve tone music in general Without relying on professional jargon he lucidly and succinctly explains Babbitt s complexities A catalog of compositions a discography and a bibliography complete a book that will interest performers music theorists and music historians as well as other readers who are enthusiastic or curious about contemporary musical works Originally published in 1994 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

*The Clarinet* ,2007 **Musical Messenger** ,1916 **The Billboard** ,1926 *Sibelius* Andrew Barnett,2007-01-01 Informed by a wealth of information that has come to light in recent years this engaging biography tells the complete story of the life and musical work of Finnish composer Jean Sibelius 1865 1957 Drawing on Sibelius s own correspondence and diaries contemporary reviews and the remarks of family and friends the book presents a rich account of the events of the musician s life In addition this volume is the first to set every work and performable fragment by Sibelius in its historical and musical context Filling a significant gap the biography also provides the first accurate information about much of the composer s early music Writing for the general music lover Andrew Barnett combines his own extensive

knowledge of Sibelius's music with the insights of other scholars and musicians. He lays to rest a number of myths and untruths that Sibelius wrote no chamber music of value for example and that he stopped composing in 1926 and didn't need to compose to earn a living. Barnett completes the volume with the most thorough worklist available and an authoritative chronology of Sibelius's entire output. *British Books in Print*, 1985. Jacobs' Band Monthly, 1919. **T.
