*Validating Committed Partnerships: a Still More Excellent Way* Jim Bowden, 2012-12-21 Although written from a biblical Christian perspective this book's theme has practical value for

everyone It presents a new relational paradigm supported by love justice mutuality and other spiritual qualities The author believes scripture teaches that all human beings are created to live in fulfilling relationships even those who are homosexual People of faith family however nearly 50% of American citizens and church members do not support legalizing same gender marriage This historical perspective on marriage reveals marriage has experienced considerable positive change and practice during the past 75 years and needs to be redefined Until the 20th century procreation be fruitful and multiply was marriages major purpose While procreation remains important mutuality has become the major emphasis As written in Genesis 2 18 NRSV God sought a partner for the man In many marriages partnership has replaced patriarchy providing an enriching relational experience in family life The author presents a new relational paradigm which includes both heterosexual and homosexual couples seeking a lifelong committed relationship Marriage of male and female and the union of same gender couples will share the title partnership safeguarded by the same legal standards For male and female their title will be a marital partnership for same gender couples their title will be a same gender partnership

**Art And The Committed Eye** Richard Leppert,2019-04-05 In Art and the Committed Eye Richard Leppert examines Western European and American art from the fifteenth to the twentieth century He studies the complex relation between the look of images and the variety of social and cultural uses to which they are put and demonstrates that the meaning of any image is significantly determined by its function which changes over time In particular he emphasizes the ways in which visual culture is called on to mediate social differences defined by gender class and race In Leppert addresses the nature and task of representation discussing how meaning accrues to images and what role vision and visibility play in the history of modernity Here he explains imagery s power to attract our gaze by triggering desire and focuses on the long history of the use of representation to enact a deception whether in painting or advertising explores art s relation to the material world to the ways in which images mark our various physical and psychic ties to objects The author analyzes still life paintings whose subject matter is both extraordinarily diverse and deeply paradoxical from flower bouquets to grotesque formal arrangements of human body parts Leppert demonstrates that even in innocent still lifes formal design and technical execution are imbued with cultural conflict and social power is devoted to the representation of the human body as subject to obsessive gazing and as an object of display spectacle and transgression The variety of body representation is enormous pleased or tortured gorgeous or monstrous modest or lascivious powerful or weak in the bloom of life or under the anatomist s knife clothed or naked But it is the sexual body Leppert shows that has provided the West with its richest most complex contradictory conflicted and paradoxical accounts of human identity in relation to social ideals

**The Moral Wisdom of the Catholic Church** Robert Spitzer,2022-11-01 Jesus said The truth will set you free Father Spitzer lays bare the theological and philosophical roots of Catholic morality and also uses secular statistical studies to demonstrate that these teachings even from a scientific standpoint help human beings to flourish Gathering data from universities general psychiatry medical institutes and general

survey organizations such as Pew Research Gallup Research and Harris Poll this book shows that going against foundational Christian doctrines from marriage to the sanctity of unborn life leads to significant increases in depression anxiety substance abuse familial tensions suicidal contemplation The numbers speak for themselves Many people today particularly the young are embarrassed by the Church s moral teaching For them it is only an outdated expression of hatred or disgust Yet nothing could be further from the truth Sin is what degrades man and kills his joy and a moral life is a life of love If we tell the truth about destructive lifestyles we can rescue our loved ones from a life of darkness helping to bring about a shift in our culture With scientific clarity this work provides readers everything they need to know to speak credibly effectively and persuasively about the most controversial moral issues

**Imprimatur The Most Reverend Kevin J Vann J C D O D Bishop Diocese of Orange**  
February 28 2021     God the Leader Kathleen M. Rochester,2020-06-04 What kind of a leader is God Is he a benevolent Santa Claus Or is he really a narcissist Is his leadership centered on law enforcement Or is his priority focused on relationships Is his interest in nations and systems Or is he personally alongside the mistreated and oppressed Is he a leader of armies Or is he a leader of peace These and many other questions about God s character and leadership are in the back if not the front of many people s minds questions especially about the God of the Old Testament who is often painted very differently from the God of the New Testament Our image of God as leader is highly likely to influence how we act when we are leaders whether as parents bosses teachers politicians or leaders of any group small or large This book assists us in observing God s leadership through the varied contours of the Old Testament journey and offers human illustrations of leadership both positive and negative to help us in our reflections
