**The Making of Eastern Europe** Philip Longworth,1992-08-18 Why has the collapse of Communism resulted in so much disappointment for the hopeful millions of Eastern Europe In this original and provocative book Philip Longworth argues that their predicament is only partly due to the imposition of the Soviet system but rather they are the heirs of misfortune which dates back centuries In exploring the origins of current problems this sweeping history ranges from the present day to the time of Constantine the Great from the Urals to the Mediterranean and the Baltic and emphasises culture and society as well as politics and economics The resulting analysis provides the crucial and until now much needed long term background to the difficulties now facing Eastern Europe This new perspective and the insight it brings will improve our understanding of this complex region and be of immense value to all who want to understand Eastern Europe s past and present **The Making of Eastern Europe** Philip Longworth,1994 **The Making of Eastern Europe** David Turnock,1988-01-01 Om steuropas historiske geografi fra forhistorisk tik til 1815 **The Making of Eastern Europe** Philip Longworth,1997-05-14 Why has the collapse of Communism resulted in so much disappointment for the hopeful millions of Eastern Europe In the revised edition of this thoughtful and provocative book Philip Longworth argues that their predicament is only partly due to the imposition of the Soviet system but rather that they are the heirs of misfortune which dates back centuries In exploring the origins of current problems this sweeping history ranges from the present day to the time of Constantine the Great the Urals to the Mediterranean and the Baltic and emphasises culture and society as well as politics and economics In an additional new chapter Philip Longworth analyses the collapse of Communism and the advent of post communism This book will be of immense value to all who want to understand Eastern Europe s past and present The Making of Central and Eastern Europe Francis Dvornik,1949 Pursued by a Bear Zbyněk A. B. Zeman,1989 **The Making of Détente** Wilfried Loth,George Soutou,2010-04-05 Containing essays by leading Cold War scholars such as Wilfried Loth Geir Lundestad and Seppo Hentil this volume offers a broad ranging examination of the history of détente in the Cold War The ten years from 1965 to 1975 marked a deep transformation of the bipolar international system of the Cold War The Vietnam War and the Prague Spring showed the limits of the two superpowers who were constrained to embark on a wide ranging détente policy which culminated with the SALT agreements of 1972 At the same time this very détente opened new venues for the European countries French policy towards the USSR and the German Ostpolitik being the most evident cases in point For the first time since the 1950s Western Europe began to participate in the shaping of the Cold War The same could not be said of Eastern Europe but ferments began to establish themselves there which would ultimately lead to the astounding changes of 1989 90 the Prague Spring the uprisings in Gdansk in 1970 and generally the rise of the dissident movement That last process being directly linked to the far reaching event which marked the end of that momentous decade the Helsinki conference The Making of D tente will appeal to students of the Cold War international history and European contemporary history *The*

Syska,2008      **Making Markets** Shafiqul Islam,1993      **Eastern Europe since 1945** Geoffrey Swain,2009-09-30 Since its first appearance in 1993 Eastern Europe since 1945 has become an essential text for university students and others keen to understand the complex developments in the region over the last sixty years This fourth edition has been fully revised updated and expanded in order to incorporate new material and the events that have taken place since the publication of the previous edition Covering all the countries which comprise Eastern Europe Geoffrey and Nigel Swain provide a clear account of the origins of the socialist experiment the 1956 crisis of de Stalinisation how society and economy operated between 1956 and 1989 the years of actually existing socialism Drawing on what is now a perspective of twenty years the authors identify trends in the transition from socialism to capitalism and explore the important role played by the prospect of EU membership in shaping the politics of what was once Eastern European capitalism The new edition also features helpful suggestions for reading to aid further study      *The Making of Post-communist Elites in Eastern Europe* E. decades While Asian and Latin American immigrations have been central to the discourse of migration to the US the rapid growth of Eastern European immigrants has received insufficient attention Robila fills this gap by presenting key issues related to immigration from Eastern Europe such as child rearing beliefs and practices cultural beliefs second generational conflicts as well as the challenges faced by Eastern European immigrants as they immigrate around the world Eastern Europe Since 1945 Geoff Swain,Nigel Swain,1998 Substantially expanded and rewritten this new edition takes into account the changes since the first edition was published in 1992 With several Central European states joining the European Union the authors set the historical context in which since the collapse of the Soviet Union Eastern Europe is itself increasingly dividing into two blocs those where democracy and pluralism appear firmly established and those where they do not Slavonic and East European Review ,1924 Includes section Reviews
