Treasury Of Favorite Poems:

A Treasury of Favorite Poems (Classic Reprint) Walter Learned, 2015-07-06 Excerpt from A Treasury of Favorite Poems So many and such excellent collections of favorite poems have already been made that this volume contains but few poems that are not in some other collection A new collection is to a certain extent but a turn of the kaleidoscope a rearranging of the poems that live not because they are collected but which are collected because they live So far then as it concerns the poems of the past this volume is largely collected from collections Time tries and sifts and its verdict is clear and pronounced on the many poems to be found in all anthologies Concerning the poems of to day an attempt has been made to include a few which seem to have a i resent and deserved popularity To keep such a volume within the bounds of easy handling and reading is certainly to exclude a great deal of popular verse The principle of selection cannot be easily defined but it has been perhaps an attempt to include those poems which the majority of intelligent people would care for most which touch some popular chord which are most likely to be cut out for the scrapbook About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
