Let the modern authority on yoga guide you on the most important journey you'll ever take. As people search for inner peace amid increasingly hectic lives, the practice of yoga continues to gain popularity. Yoga means to yoke or to bring together the various aspects of the self: body, mind, and spirit, and while the physical and mental benefits of yoga are truly astounding to many people, the idea of yoga is intimidating. In fact, nothing could be easier than starting a yoga practice, and *Yoga Zone Introduction to Yoga* is the perfect guide. In the first section, Yoga Master Alan Finger offers a brief history of the different types of yoga and how they are practiced in the West, including an explanation of the ISHTA yoga that Alan created and that is taught at Yoga Zone. You'll learn about the benefits of yoga and how to prepare for a practice with different breathing exercises. Next, Alan outlines two series of beginner postures, accompanying each pose with detailed instructions on how to achieve it, along with tips and modifications for various fitness levels. All the exercises are fully illustrated, and the text is instructional yet friendly in the tradition of a Yoga Zone studio class. Following the postures, there's a special section on relaxation and meditation, cornerstones of any yoga practice.
