Success On Our Own Terms Virginia O'Brien, 1998-02-26. Q: How many female CEOs does it take to break the glass ceiling? A: That's the wrong question. Numbers alone simply don't tell the real story of how women are doing in today's corporate world. Success on Our Own Terms does. It's filled with real stories, stories of ordinary women who are making an extraordinary difference in the way corporations work. Success on Our Own Terms features women of different ages, ethnic backgrounds and educational levels. Their combined experiences offer a fascinating portrait of how the corporate landscape has changed for women over the last few decades. This book is filled with the wisdom of these experiences from important lessons on navigating corporate corridors and influencing the system to juggling work and personal life, helping local communities and much more. Exploring the multidimensional definition of success shared by these women, this book reveals how they are working hard to reach their goals, balance their lives and make a positive contribution to society. It shows how they and others like them are transforming the organization from the inside out through their own unique management style, values, vision and determination. By designing, achieving and owning their success, women are exploding conventional definitions of their progress in the workplace. The female voices in Success on Our Own Terms inform, encourage and inspire us all. Wonderful, timely and absolutely refreshing. Reading this book excited and inspired me and reaffirmed my belief that the future will be a great place for women. Sally Helgesen, author of The Female Advantage, Women's Ways of Leadership and Everyday Revolutionaries. Working Women and the Transformation of American Life. Virginia O'Brien tells the real story that we are entering a new phase in which women are becoming full participants with men in conducting the nation's business. It's a heartening read and a good antidote to media tales of doom and gloom. Caryl Rivers, coauthor of She Works He Works: How Two Income Families Are Happier, Healthier and Better Off. A must read to understand the multidimensional new values successful women bring to the marketplace of ideas. Readers will find themselves a friend or a loved one on every page. Carol R. Goldberg, President of the Avcar Group Ltd and former President and COO of Stop Shop Companies Inc. Insightful and informative. This excellent work brings the stories of successful women executives to the forefront. Charles E. Rice, Chairman

and CEO Barnett Banks Inc These are inspiring stories which I highly recommend RichardMcCormick Chairman and CEO US West Inc
