World Architecture Index A Guide To Illustrations:

World Architecture Index Edward H. Teague, 1991-05-24 This is a unique reference tool for finding images of approximately 7 000 architectural works reproduced in more than 100 books likely to be available in libraries with architectural collections The index is international in coverage includes a variety of architectural engineering and planning works and covers most historical periods and styles Citations to reproductions of exterior and interior views plans sections and elevations are provided and access is enabled by building site architect type of work and name of work indexes The index is organized into four parts Part I the Site Index is the principal index and lists architectural works alphabetically according to specific location For each work the following information is provided if available name of work alternate names date of work architect s and citation information organized according to exterior view interior view plan section or elevation The Architect Index Part II lists alphabetically the architects engineers planners and others responsible for works cited in Part I A typical listing provides the name of the architect other names by which he or she is known life dates and the works listed alphabetically with their sites The third part organizes the works according to particular type of building or structure Part IV the Work Index lists names and alternate names of works and parts of works as revealed in the indexed sources The books indexed for this unique reference work were selected to form a representative survey of the major periods of architectural history World Architecture Index is a unique reference and research tool that will be welcomed by students and scholars of architecture art history civil engineering interior design landscape architecture urban planning and world history Action Art John Gray, 1993-05-30 This comprehensive international bibliography is the first to attempt documentation of this diverse field covering the history of Artist s Performance It focuses on its early twentieth century antecedents in such movements as Futurism Dada Russian Constructivism and the Bauhaus as well as its peak period in the 1950s 1960s and 1970s with such developments as Gutai Fluxus Viennese Actionism Situationism and Guerrilla Art Action Major emphasis is also given to sources on 115 individual performance artists and groups More than 3700 entries document print and media materials dating from 1914 to 1992 Organized for maximum accessibility the sources are also extensively cross referenced and are indexed by artist subject title and author Three appendices identify reference works libraries and archives and addenda material not found in the book text and two others list artists by country and by group or collective **History of Art** Horst Woldemar Janson, Anthony F. Janson, 2004 For forty years this widely acclaimed classic has remained unsurpassed as an introduction to art in the Western world boasting the matchless credibility of the Janson name This newest update features a more contemporary more colorful design and vast array of extraordinarily produced illustrations that have become the Janson hallmark A narrative voice makes this book a truly enjoyable read and carefully reviewed and revised updates to this edition offer the utmost clarity in contributions based on recent scholarship Extensive captions for the book s incredible art program offer profound insight through the eyes of twentieth century art historians speaking about specific pieces of art featured

throughout Significantly changed in this edition is the chapter on The Late Renaissance in which Janson offers a new perspective on the subject tracing in detail the religious art tied to the Catholic Reform movement whose early history is little known to many readers of art history Janson has also rearranged early Renaissance art according to genres instead of time sequence and he has followed the reinterpretation of Etruscan art begun in recent years by German and English art historians With a truly humanist approach this book gives written and visual meaning to the captivating story of what artists have tried to express and why for more than 30 000 years

American Women Photographers Martha Kreisel,1999-02-28 American women have made significant contributions to the field of photography for well over a century This bibliography compiles more than 1 070 sources for over 600 photographers from the 1880s to the present As women s role in society changed so did their role as photographers In the early years women often served as photographic assistants in their husbands studios The photography equipment initially heavy and difficult to transport was improved in the 1880s by George Eastman s innovations With the lighter camera equipment photography became accessible to everyone Women photographers became journalists and portraitists who documented vanishing cultures and ways of life Many of these important female photographers recorded life in the growing Northwest and the streets of New York City became pioneers of historic photography as they captured the plight of Americans fleeing the Dust Bowl and the horrors of the concentration camps and were members of the Photo Secessionist Movement to promote photography as a true art form This source serves as a checklist for not only the famous but also the less familiar women photographers who deserve attention

Les Fauves Russell T. Clement,1994-05-25 This is the first comprehensive scholarly bibliography research guide sourcebook on the major French Fauve painters Henri Matisse and Georges Braque are treated in separate Greenwood bio bibliographies It includes information on 3 120 books and articles as well as chronologies biographical sketches and exhibition lists Each artist receives a primary and secondary bibliography with many annotated entries Secondary bibliographies include details about each artists life and career relationships with other artists work in various media iconography and more Designed for art historians art students museum and gallery curators and art lovers alike this volume organizes the vast literature surrounding this fascinating revolutionary 20th century art group Genuinely new art is always challenging sometimes even shocking to those unprepared for it In 1905 the paintings of Matisse Derain Vlaminck and their friends shocked conservative museum goers hence the eventual popularity of art critic Louis Vauxcelles s tag les fauves or wild beasts by which these artists became known Although it lasted only three or four years Fauvism is recognized as the first artistic revolution of international consequence in the 20th century It was based on the glorification of pure saturated colors and the free expression of primitivism It was a dynamic sensualism an equilibrium of passion and order fire and austerity that could not last By the end of 1908 Fauvism collapsed in the face of Cubism which moreover several Fauve artists helped to form
