Brazil India Indonesia and South Africa he argues persuasively that changing political interactions among parties party leaders and the labor market are often key to trade policy outcome For instance if workers are in a position to benefit from opening up to trade party leaders in turn support trade reforms by decreasing tariffs and other trade barriers At a time when discussions about the stability of new democracies are at the forefront Democracy and Trade Policy in Developing Countries provides invaluable insight into the conditions needed for a democracy to survive in the developing world in the context of globalization

The Darfur Conflict Osman Suliman,2011-01-05 Although it is often simplified as an ethnic conflict in popular media the current crisis in Darfur can only be superficially defined across ethnic lines This project diverges from previous studies by addressing how the underlying social and environmental influences such as changing resource dynamics expanding poverty lack of infrastructure and political corruption have brought the crisis to a head Analyzing the interplay of these factors will yield valuable insights as to how a concerned international community can both end the tragic genocide and address the underlying injustices that engendered it

World Development Report 2006 World Bank,2005-09-28 The World Development Report 2006 Equity and Opportunity presents a social development strategy organized around the themes of social inclusion cohesion and accountability It examines equality of opportunities a potentially important factor affecting both the workings of the investment environment and the empowerment of the poor by building on and extending existing accountability frameworks presented in the 2005 Report The Report is divided into three parts Part I describes patterns of inequality in a range of variables both at the national and global level incomes educational achievements health indicators power and influence Part II highlights reasons why some levels of inequality in the variables presented in Part I may be too high whether for intrinsic reasons or because they harm the attainment of competing values such as the level of goods and services in the economy Part III discusses policies that affect the relationship between equity and the development process at a national and global level This section includes policies that could help reduce the levels of some intermediate inequalities and focuses on circumstances in which these policies form the basis for more rapid overall development and faster poverty reduction Now in its twenty eighth edition the World Development Report offers practical insights for policymakers business developers economic advisers researchers and professionals in the media and in non governmental organizations It is also an essential supplement to economic and development courses in both academic and professional settings

World Development Report 2005 Warrick Smith,World Bank,2004-09 Firms and entrepreneurs of

all types from microenterprises to multinationals play a central role in growth and poverty reduction Their investment decisions drive job creation the availability and affordability of goods and services for consumers and the tax revenues governments can draw on to fund health education and other services The World Development Report 2005 argues that improving the investment climates of their societies should be a top priority for governments Drawing on surveys of nearly 30 000 firms in 53 developing countries country case studies and other new research the Report explores questions such as What are the key features of a good investment climate and how do they influence growth and poverty What can governments do to improve their investment climates and how can they go about tackling such a broad agenda What has been learned about good practice in each of the main areas of the investment climate What role might selective interventions and international arrangements play in improving the investment climate What can the international community do to help developing countries improve the investment climates of their societies In addition to detailed chapters exploring these and related issues the Report contains selected data from the World Bank's new program of Investment Climate Surveys the Bank's Doing Business Project and World Development Indicators 2004 This Report offers practical insights for policymakers executives scholars and all those with an interest in economic development
