Postmodern Pirates Susanne Zhanial,2019-12-16 *Postmodern Pirates* offers a comprehensive analysis of Disney's *Pirates of the Caribbean* series and the pirate motif through the lens of postmodern theories. Susanne Zhanial shows how the postmodern elements determine the movies' aesthetics, narratives, and character portrayals, but also places the movies within Hollywood's contemporary blockbuster machinery. The book then offers a diachronic analysis of the pirate motif in British literature and Hollywood movies. It aims to explain our ongoing fascination with the maritime outlaw, focusing on how a text's cultural background influences the pirate's portrayal and pays special attention to the aspect of gender. Through the intertextual references in *Pirates of the Caribbean*, the motif's development is always tied to Disney's postmodern movie series.

Halliwell's Film, Video & DVD Guide, 2008 **David Bowie and Film** Stephen Glynn, 2022-10-31. This book constitutes the first monograph dedicated to an academic analysis of David Bowie's appearances in film. Through close textual analysis, together with production and reception histories, Bowie's silver screen career is explored in full. The book covers performance documentaries such as *Ziggy Stardust and the Spiders from Mars*, star vehicles ranging from the eulogised *The Man Who Fell to Earth* to the excoriated *Just a Gigolo*, plus roles from the horror-chic of *The Hunger* and cult fantasy of *Labyrinth* to the valiant high-brow *Baal* and vainglorious high-budget *Absolute Beginners*, ending with Bowie as Bowie in *Bandslam* and others as Bowie in *Velvet Goldmine* and *Stardust*. Alongside showing his willingness to experiment and at times fail across a variety of genres, this study investigates Bowie's performative style that, while struggling to accommodate the requirements of cinematic realism, fits more harmoniously with alternative production codes and aesthetics. More broadly, by exploring the commercial, socio-cultural, and ideological significance of Bowie on film, the book demonstrates how notions of gender, sexuality, and identity formation, plus commodity and cultural capital, function and fluctuate in contemporary society.
