A comprehensive guide to mental health from one of the UK's foremost experts. An A-Z from Anxiety to Zero F*cks Given. Am I normal? What's an anxiety disorder? Does therapy work? These are just a few of the questions Natasha Devon is asked as she travels the UK campaigning for better mental health awareness and provision. Here, Natasha calls upon experts in the fields of psychology, neuroscience, and anthropology to debunk and demystify the full spectrum of mental health. From A: Anxiety to Z: Zero F*cks Given, or the art of having high self-esteem via everything from body image and gender to differentiating sadness from depression. Statistically, one in three of us will experience symptoms of a mental illness during our lifetimes. Yet all of us have a brain, and so we ALL have mental health, regardless of age, sexuality, race, or background. The past few years have seen an explosion in awareness, yet it seems there is still widespread confusion. *A Beginner's Guide to Being Mental* is for anyone who wants to have this essential conversation. Written as only Natasha, with her combination of expertise, personal experience, and humour, knows how. **The African Book Publishing Record**, 2006 **Africa Review**, 1998
