Chinese Central Asia Sir Clarmont Percival Skrine,1926 Chinese Central Asia written in the 1920s is an interesting travelogue of the journey undertaken overland to Chinese Turkistan through the Karakoram Mountains and Passes by C P Skrine the then British Consular General to Chinese Turkistan Our journey starts in dusty Quetta on the borders of Iran It is a story of the times when the main form of travel was on horse back or on foot The luxury of road or air travel was not available to those who wished to travel to the more out of the way regions of the world at that time This opportunity to travel was so inviting to both the author and his wife that he jumped at the chance to visit this region The author leaves no stone unturned to complete his tour and to give us a vivid description of his travels in this remote region In his introduction Younghusband makes a very pertinent statement when he says that our impression of the unchanging belief in the unchangeable east is shattered by the bowler hatted Chinese representative who meets our travellers Our author takes us to many places in his journey and each step gives us a vivid idea of the vistas and ways of the people of that time His travels awake an interest in all of us who have the wanderlust and a desire to visit distant places in this world **Report on the**
