***The Social Cost of Cheap Food*** Sébastien Rioux,2019-09-26 The distribution of food played a considerable yet largely unrecognized role in the economic history of Victorian and Edwardian Britain In the midst of rapid urbanization and industrialization retail competition intensified and the channels by which food made it to the market became vital to the

country's economic success. Illustrating the pivotal importance of food distribution in Britain between 1830 and 1914, *The Social Cost of Cheap Food* argues that labour exploitation in the distribution system was the key to cheap food. Through an analysis of labour dynamics and institutional changes in the distributive sector, S. Bastien Rioux demonstrates that economic development and the rising living standards of the working class were premised upon the growing insecurity and chronic poverty of street sellers, shop assistants, and small shopkeepers. Rioux reveals that food distribution, far from being a passive sphere of economic activity, provided a dynamic space for the reduction of food prices. Positioning food distribution as a core element of social and economic development under capitalism, *The Social Cost of Cheap Food* reflects on the transformation of the labour market and its intricate connection to the history of food and society.

**Jack Rosenthal** Sue Vice, 2013-07-19

This is the first ever critical work on Jack Rosenthal, the award-winning British television dramatist. His career began with *Coronation Street* in the 1960s, and he became famous for his popular sitcoms, including *The Lovers* and *The Dustbinmen*. During what is often known as the golden age of British television drama, Rosenthal wrote such plays as *The Knowledge*, *The Chain*, *Spend Spend Spend*, and *Ptang Yang Kipperbang*, as well as the pilot for the series *London's Burning*. This study offers a close analysis of all Rosenthal's best-known works, drawing on archival material as well as interviews with his collaborators and cast members. It traces the events that informed his writing, ranging from his comic take on the permissive society of the 1960s through to recession in the 1970s and Thatcherism in the 1980s. Rosenthal's distinctive brand of humour and its everyday surrealism is contrasted throughout with the work of his contemporaries, including Dennis Potter, Alan Bleasdale, and Johnny Speight, and his influence on contemporary television and film is analysed. Rosenthal is not usually placed in the canon of Anglo-Jewish writing, but the book argues this case by focusing on his prize-winning plays *For Today*, *The Evacuees*, and *Bar Mitzvah Boy*. This book will appeal to students and researchers in Television, Film, and Cultural Studies, as well as those interested in contemporary drama and Jewish Studies.
