**PROSPERITY GOSPEL - and it's effect on the 21st Century Church - A Historical and Theological perspective on the Prosperity Gospel** DR. JEFFERY B. BOWENS,2012-01-27 The Prosperity

Gospel has been one of the most talked about discussions of the 21st century particularly within the Christian Community The battle line has been drawn by prominent theologians influential scholars pundits and televangelists alike who are on different sides of this debate and no one is conceding ground to anyone else The narrow view simply places emphasis and focus on a more capitalistic view of prosperity such as exquisite homes fashionable wardrobes excessive wealth expensive cars material and temporal possessions Things which are tangible and are seen have come to symbolize for many prosperity and achieving the American dream On the other hand the broader perspective of prosperity is associated with possessing good health accomplishing ones goals experiencing a changed life having a healthy home life seeing others become productive members of society and maintaining a perpetual fellowship with the creator Wherefore this material will help the reader to be more distinct and precise in defining the different nuances of prosperity from a historical and theological perspective
