Notes from a Necrophobe T.C. Armstrong,2015-04-21 The world ends life goes on A sharp witted novel that asks After surviving what do you do next This is not an apocalypse it s an adjustment There is still electricity There is still the internet There is still order We will adapt and we will survive U S government After twenty years of toil Russian researchers drilled through nearly four kilometers of ice and reached Lake Vostok a massive body of fresh water Unfortunately their efforts released the microorganisms entombed inside which nature had managed to keep sealed off from the rest of the world for twenty five million years Tiny aggressive and lethal the microbes emerged from the ancient lake and wormed their way into the world s water supply Anyone who washed their hands or took a sip of water absorbed these primal parasites and died in a fraction of a second How do you live when the very thing you need to exist can kill you But death was only the beginning The micro killers reanimate the corpses of their victims Their swarm intelligence enables them to observe scheme and cause a hell of a lot of trouble Rot and decay forces them to hunt for a fresh host they re always on the lookout for the remaining survivors Then three teenagers one child and one adult stumble upon a possible cure but they have to live long enough to share their life saving discovery with the world
