## **Subduing The Cosmos:**

**Subduing the Cosmos** Kenneth L. Vaux, 1970      **Leo Szilard** David Grandy, 1996 Best known for his work on the atomic bomb Leo Szilard made important contributions to twentieth century physics biology and information theory He is however an interesting figure apart from his scientific accomplishments In brief he did not merely do science but lived it as well He was a true believer in science and its potential to save the world This intellectual biography of Szilard captures the visionary centerpoint of his passion for science and public activism This work will be of interest to historians of science physicists and biologists Contents The Intellectual Landscape The Thunderclap and Its Antecedents Moving into Nuclear Physics A Time of Heartbreak and Frustration Down the Shaft From Physics to Biology and Political Chivalry Notes Bibliography Index      Review of Religious Research ,1972      **The Reformation Review** ,1969      **Genesis** John H. Walton, 2011-01-04 The NIV Application Commentary helps you communicate and apply biblical text effectively in today s context To bring the ancient messages of the Bible into today s world each passage is treated in three sections Original Meaning Concise exegesis to help readers understand the original meaning of the biblical text in its historical literary and cultural context Bridging Contexts A bridge between the world of the Bible and the world of today built by discerning what is timeless in the timely pages of the Bible Contemporary Significance This section identifies comparable situations to those faced in the Bible and explores relevant application of the biblical messages The author alerts the readers of problems they may encounter when seeking to apply the passage and helps them think through the issues involved This unique award winning commentary is the ideal resource for today s preachers teachers and serious students of the Bible giving them the tools ideas and insights they need to communicate God s Word with the same powerful impact it had when it was first written

Arcadi, 2023-08-22 Holiness might seem like a simple concept Yet when one compares the array of objects that are called holy in the Hebrew Scriptures and Christian New Testament there may seem to be no points of similarity between God humans time land temple accoutrements etc However in this book James M Arcadi hypothesizes a unitary account of the definition of holiness What unites holy objects Arcadi argues is divine ownership Holy objects belong to God In application to God this motif has profound implications for how one conceives of God and the God world relation In application to humans this book argues that the ownership theme unfurls new insights on a range of doctrinal loci including the doctrines of the imago Dei justification atonement sanctification and liturgical theology Bringing biblical studies in conversation with contemporary analytic philosophy this book offers an analytic systematic theology of holiness      **Space World** ,1971

On the Cosmological and Iconological Values of the Temple of Edfu** Ragnhild Bjerre Finnestad,1985 This study of the Temple of Edfu interprets the ontology and theology inherent in its texts decorations and architecture these sources are revealed to be expressive of a monistic ontology and a theology of immanence It also discusses the metaphorical values of the temple as a representation of the world and its cultic functions as a symbol of the creator immanent in his work of creation      *Supralapsarian Christology and the Progressive Work of Christ* Thomas G. Doughty Jr.,2024-08-06 In *Supralapsarian Christology and the Progressive Work of Christ* Christus Dominus Thomas G Doughty Jr produces a fresh theological narrative presenting the work of Christ progressively Through both biblical and systematic theological lenses Christus Dominus explains how the incarnate Son of God accomplishes multiple benefits for humanity and the cosmos This model articulates a supralapsarian motivation for the incarnation of divine human co dominion but also accounts for the infralapsarian motivation of atonement for human sin In doing so Christus Dominus demonstrates that supralapsarian Christology is compatible with objective approaches to atonement showing also how penal substitutionary atonement fits within the more holistic motif of Christus Victor This book addresses weaknesses in infralapsarian Christologies which deem the incarnation primarily contingent on the human fall into sin By exploring God s creation intentions and his faithfulness to realize those intentions in the incarnate Christ through eschatological promises Christus Dominus encapsulates the biblical revelation relating the work of Christ to humanity s progressive vocation Then by drawing on the strengths of recent work of Christ frameworks the author systematically arranges an objective atonement model within that progressive work of Christ Christus Dominus thus upholds the unique necessity of the crucifixion within a supralapsarian Christology as the incarnate Christ s work progressively unfolds
