*How to Misunderstand Kierkegaard* Stuart Dalton, 2022-09-27 This book is an attempt to write about Kierkegaard's philosophy in the style of Kierkegaard's philosophy energetic playful free-spirited surprising and joyous It is a deliberately crumbly book in the sense that it seeks out the fragments scraps and crumbs of philosophical arguments that are generally ignored or swept away like so much rubbish but that are actually the most interesting parts of the meal The Anti-Assistant Professor Method that this book follows adopts Kierkegaard's many excellent jokes about assistant professors as a guide to

how not to write about Kierkegaard s philosophy specifically Don t cease to be human Don t be a parasite merely feeding off other people s creations and never creating anything new Don t reduce or simplify or systematize Kierkegaard s ideas in order to make life easier for everyone because that was never the point Don t kill Kierkegaard s philosophy by lecturing on it thereby turning it into a collection of dead ideas for nonhumans rather than subjective truths that need to be lived Following these guidelines the book attempts to extend and amplify some of Kierkegaard s most important ideas in a way that combats the persistent problem of nihilism a disease that even Kierkegaard succumbed to at the end of his life
