CHARLES HANDY

THE AGE OF UNREASON

'We are entering an age of unreason, a time when the future, in so many areas, is to be shaped by us and for us; a time when the only prediction that will hold true is that no prediction will hold true; a time, therefore, for bold imagining in private life as well as public; for thinking the unlikely and doing the unreasonable.'

The Age of Nihilism Curtis R. McManus,2018 The Age of Nihilism explores the ruinous philosophies currently underwriting the devastating slow motion implosion of Western civilization Most Western democracies structure their social and political orders around a vague poorly defined body of ideas called progressive and whose stated goal is social justice But using sources as powerful and diverse as Plato Friedrich Nietzsche Herman Melville and Albert Camus McManus explodes the myth of progress and unmasks the falsehood of social justice He argues instead for cycles of history and in doing so McManus reveals that the citizens of twenty first century Western democracies exist in the fast fading twilight of an increasingly distempered civilization whose fate was always determined We designate as progress the cultural and social changes of the past thirty years But it is not progress It is nihilism And it is the presence of nihilism itself that informs us that we are living at the end of an age
