comprehend the geopolitical subtleties in the region The book subsequently draws out the implications for India illuminates New Delhi s engagement with its neighbours and suggests policy recommendations for a way forward Drawing from diverse sources including government documents and literature from India China and the countries being studied along with interviews with serving and former officials The China Factor offers a detailed investigation into China s engagement with India s neighbourhood which necessitates a deeper understanding as New Delhi manoeuvres the tectonic shifts in its external environment Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan and Bhutan **The China Factor** Gerald Segal,2018 **The China Factor** Annette Dorothea Sophia Maria Nijs,2019 **The China Factor** Timothy Trainer,2024-12-12 In the spring of 2005 the FBI foils a government employee s attempt to provide confidential information to the Chinese The FBI s investigation jeopardizes Capitol Hill staffer Kellie Liang s nomination to a State Department position *The China Factor* Shantanu Roy-Chaudhury,2022-04-27 India s relations with China are at a crossroads Apart from examining the complex and dynamic bilateral relations it is equally important to highlight the nuances of China s engagement with the countries in India s neighbourhood and understand the strategic implications that arise for New Delhi Shantanu Roy Chaudhury s *The China Factor* explores Beijing s political economic and defence relations with Sri Lanka Maldives Bangladesh and Myanmar and weighs the dividends of the bilateral relationships to better comprehend the geopolitical subtleties in the region How China s engagement in the region is also linked to Chinese President Xi Jinping s wider ambitions of national rejuvenation is also illuminated upon The book subsequently draws out the implications for India illuminates New Delhi s engagement with its neighbours and suggests policy recommendations for a way forward Drawing from diverse sources including government documents and literature from India China and the countries being studied along with interviews with serving and former officials The China Factor offers a detailed investigation into China s engagement with India s neighbourhood which necessitates a deeper understanding as New Delhi manoeuvres the tectonic shifts in its external environment Shantanu Roy Chaudhury is a Research Associate at the Centre for Air Power Studies in New Delhi an autonomous defence and security think tank affiliated with the Indian Air Force His work has been published in India and abroad He has an M Phil from the University of Oxford St Antony s College where he focused on the International Relations of South Asia and a Bachelor s degree in History from Hindu College University of Delhi Shantanu has lived in Mexico Australia the United Kingdom and India Apart from English and Hindi he speaks Spanish and a little Mandarin **The China Factor** ,1981 **Southeast Asia in the Fifteenth Century** Geoff Wade,Laichen Sun,2010 The argument rests on developments such as the introduction of firearms more intensive rice agriculture Thai and Viet ceramic exports Korean and Ryukyu contacts with Southeast Asia the demise of Champa the climax of Viet and northern Tai statecraft the birth of Melayu Muslim kingship in Melaka and the creation of a new Muslim Javanese civilisation on Java s north coast Coincident with these changes Ming China s engagement with Southeast Asia grew as a result of overland expansion into the Tai and Viet polities

state sponsored maritime voyages and private Chinese trade and migration to the region **The China Factor in America's Foreign Relations** Richard H. Solomon, Rand Corporation, 1981 With the perspective of a decade of efforts to normalize U S PRC relations it seems fair to conclude that the changes in world politics initiated by President Nixon's historic trip to Peking in 1972 were as much in people's minds as they were in actual alterations in global political economic and military forces While normalization removed the burdens for China and the U S of two decades of confrontation it has not produced an intimate new alignment of resources and efforts or a restructuring of American priorities in Asia Yet U S PRC normalization initiated processes of change that if they endure for several decades can contribute significantly to the modernization of China and to the building of a new coalition of powers supportive of the basic goals of American foreign policy In retrospect we can clearly see that the normalization process begun in 1971 eliminated the negative costs to U S defenses and foreign relations of two decades of political and military hostility with China Normalization facilitated our disengagement from Vietnam The positive benefits of normalization will only be realized as the U S PRC relationship develops in the years ahead Yet the China factor for all its promise will be only one element in America's foreign relations

The China Factor in Modern Japanese Thought Lincoln Li, 1996-07-03 When militarism was on the ascendant Tachibana was a vocal critic of military solutions Yet his services were sought for by the radical elements of the Japanese military he criticized Through his writings we gain a clearer view of the continuing processes of policy debate in occupied Manchuria

The China Factor in Southeast Asia Lucian W. Pye, Massachusetts Institute of Technology. Center for International Studies, 1980 China Factors Gordon C. K. Cheung, 2007 China Factors offers a first hand perspective on political and socio economic changes in Hong Kong after the official changeover to control by China It reflects the author's observations personal encounters interviews and experiences especially after 1997 when the changeover occurred and also when the Asian financial crisis emerged The focus here is on the political economy of Greater China China Taiwan and Hong Kong The author witnessed the subtle political and economic changes in Hong Kong during the period and the clear and present influence of China on Hong Kong as well as Taiwan China Factors illustrates the full import of the rise of China and the impact of political social and economic relations around Greater China Gordon Cheung shows the key factors for the region are integration interdependence identity and independence otherwise known as the four i's Individually each factor spurs new directions in the ever changing political economy of that region Other factors such as cross strait relations and Hong Kong and Macau's reversion to China are also creating new interactions within the region Politically these China factors challenge traditional bilateral and multilateral relations Conceptually they require further investigation as possible new Chinese interactions with other states may influence regional affairs Cheung believes the examination of the China factors he identifies here will help to shed light on evolving East Asian relations as well as to spur reexamination of governance of this important region The book will be of keen interest to specialists in Asian studies and China in particular as well as those

interested in international affairs and U S foreign policy **The China Factor** ,2024 *Commodities* ,1994 **The China Factor** Michael Szlawieniec-Haw,2013 *The China Factor in United States Decision-making Toward Vietnam, 1945-1965* Jong-Chul Park,1990 **INDO-US NUCLEAR DEAL: THE CHINA FACTOR.** Jabin T Jacob,2022
