The Dusk of the Gods Richard Wagner,1924 **The Passion of Ingmar Bergman** Frank Gado,1986 Acknowledged as one of the greatest filmmakers of this or any other time Bergman has with few exceptions written his own screenplays an uncommon practice in the film industry and for this practice critics refer to him as a literary filmmaker In this work Gado examines virtually the entire range of Bergman s literary output While treating the matter of the visual presentation of Bergman s films Gado concentrates on story and narrative and their relationship to Bergman s personal history Gado concludes that whatever the outward appearance of Bergman s works they contain an elementary psychic fantasy that links them all revealing an artist who hoped to be a dramatist the new Strindberg and who saw the camera as an extension of his pen

Opera and the Morbidity of Music Joseph Kerman,2008-04-08 The death of classical music the distinguished critic and musicologist Joseph Kerman declares is a tired vacuous concept that will not die In this wide ranging collection of essays and reviews Kerman examines the ongoing vitality of the classical music tradition from the days of Guillaume Dufay John Taverner and William Byrd to contemporary operas by Philip Glass and John Adams Here are enlightening investigations of the lives and works of the greatest composers Bach and his Well Tempered Clavier Mozart s and Beethoven s piano concertos Schubert s songs Wagner s and Verdi s operas Kerman discusses *The Magic Flute* as well as productions of the Monteverdi operas in Brooklyn and the Ring in San Francisco and Bayreuth He also includes remembrances of Maria Callas and Carlos Kleiber that make clear why they were such extraordinary musicians Kerman argues that predictions let alone assumptions of the death of classical music are not a new development but part of a cultural transformation that has long been with us Always alert to the significance of historical changes from the invention of music notation to the advent of recording he proposes that the place to look for renewal of the classical music tradition in America today is in opera in a flood of new works the rediscovery of long forgotten ones and innovative productions by companies large and small Written for a general audience rather than for experts Kerman s essays invite readers to listen afresh and to engage with his insights into how music works His gift is so uncommon as to make one sad Alex Ross has said

Lakmé Léo Delibes,1890 Charles Mackerras Nigel Simeone,John Tyrrell,2015 By the time of his death in 2010 at the age of 84 Sir Charles Mackerras had achieved widespread recognition recorded extensively and developed into a conductor of major international significance A detailed narrative account of his life is complemented by chapters written by performers and scholars who worked closely with Mackerras as well as interviews with his family The book is illustrated with photographs and documents and it includes a comprehensive discography along with listings of many of his concert and opera performances While Sir Charles whole life is considered emphasis is given to his final quarter century a period in which so many important projects were realized
