The Marketing of Terrorism. Analysing the Use of Social Media by ISIS Lisa Wiechert, 2017-06-02 Social media has played a central role in the digital era for almost a century influencing almost all aspects of life The use of social media in warfare is threatening not only one country but the whole global community is a recent development The famous speech by Abu Muhammad al Adnani on social media inspired the bloody month of Ramadan in 2016 and showed the deadly power of social media inspired attacks and what the Islamic State is capable of achieving Although the terrorist group has lost territory over the last few weeks of combat both in Syria and Iraq and is on the edge of losing their main capital Mosul IS still remains a hybrid threat Consisting of military powers and an unmatched affinity of using social media as a cyber war weapon IS will continue to be a severe danger to the global community This book aims to foster a deeper understanding of the use of social media for recruiting efforts by the so called Islamic State IS and to analyse its propaganda methods in order to develop possible countermeasures A special focus will be

put on the method of recruitment of young Western foreign fighters These individuals are the easiest to recruit for ISIS and pose the greatest risk to the global community especially in regards to home grown terrorism and so called lone wolf attacks Since this area of research is very new and quickly evolving the field still needs extensive research It is difficult to analyse the use of social media content by the Islamic State due to limited information access and flow encryption propaganda verification and inconsistency The Islamic State is a military threat on the battleground as well as a potential cyber threat for the international community Despite these challenging circumstances this book will provide a new theoretical model based on the marketing model of a customer journey in connection with the main principles of storytelling Ultimately this research work will try to provide experts with a new and modern approach of analysis as a base for possible counter measures to weaken and combat the current threat posed by the Islamic State From the text Islamic State Terrorism Social Media Propaganda Institutions Radicalisation Cold Storage as an Aid to the Marketing of Plums Earle Long Overholser,1922 *Some Trends in the Marketing of Canned Foods* Leverett Samuel Lyon,1929 **Bibliography on the Marketing of Agricultural Products** ,1932 Studies in the Marketing of Farm Products Louis Dwight Harvell Weld,1915 **Marketing Perishable Farm Products** Arthur Barto Adams,1916 Miscellaneous Pamphlets on Marketing ,1926 **Practical Cooperative Marketing** Andrew William McKay,Charles Homer Lane,1928 Marketing Executives' Series American Management Association,1929 **The Marketing of Maize and Beans in Kenya** Olof Hesselmark,1977 *Co-operative Marketing* Wayne L.
