Role-Playing Games of Japan Björn-Ole Kamm,2020-08-28 This book engages non digital role playing games such as table top RPGs and live action role plays in and from Japan to sketch their possibilities and fluidities in a global context Currently non digital RPGs are experiencing a second boom worldwide and are increasingly gaining scholarly attention for their inter media relations This study concentrates on Japan but does not emphasise unique Japanese characteristics as the practice of embodying an RPG character is always contingently realised The purpose is to trace the transcultural entanglements of RPG practices by mapping four arenas of conflict the tension between reality and fiction stereotypes of escapism mediation across national borders and the role of scholars in the making of role playing game practices [Catalog of Copyright Entries.
