

Tree Worship

David L. Haberman

Tree Worship:

People Trees David L. Haberman, 2013-04-25 This is a book about religious conceptions of trees within the cultural world of tree worship at the tree shrines of northern India. Sacred trees have been worshipped for millennia in India and today tree worship continues there among all segments of society. In the past tree worship was regarded by many Western anthropologists and scholars of religion as a prime example of childish animism or decadent popular religion. More recently this aspect of world religious cultures is almost completely ignored in the theoretical concerns of the day. David Haberman hopes to demonstrate that by seriously investigating the world of Indian tree worship we can learn much about not only this prominent feature of the landscape of South Asian religion but also something about the cultural construction of nature as well as religion overall. The title *People Trees* relates to the content of this book in at least six ways. First although other sacred trees are examined the pipal arguably the most sacred tree in India receives the greatest attention in this study. The Hindi word pipal is pronounced similarly to the English word people. Second the personhood of trees is a commonly accepted notion in India. Haberman was often told "This tree is a person just like you and me." Third this is not a study of isolated trees in some remote wilderness area but rather a study of trees in densely populated urban environments. This is a study of trees who live with people and people who live with trees. Fourth the trees examined in this book have been planted and nurtured by people for many centuries. They seem to have benefited from human cultivation and flourished in environments managed by humans. Fifth the book involves an examination of the human experience of trees of the relationship between people and trees. Haberman is interested in people's sense of trees. And finally the trees located in the neighborhood tree shrines of northern India are not controlled by a professional or elite class of priests. Common people have direct access to them and are free to worship them in their own way. They are part of the people's religion. Haberman hopes that this book will help readers expand their sense of the possible relationships that exist between humans and trees. By broadening our understanding of this relationship he says we may begin to think differently of the value of trees and the impact of deforestation and other human threats to trees.

Tree Worship in Ancient India Binod Chandra Sinha, 1979

The Sacred Tree J. H. Philpot, The reader is requested to bear in mind that this volume lays no claim to scholarship independent research or originality of view. Its aim has been to select and collate from sources not always easily accessible to the general reader certain facts and conclusions bearing upon a subject of acknowledged interest. In so dealing with one of the many modes of primitive religion it is perhaps inevitable that the writer should seem to exaggerate its importance and in isolating a given series of data to undervalue the significance of the parallel facts from which they are severed. It is undeniable that the worship of the spirit inhabited tree has usually if not always been linked with and in many cases overshadowed by other cults that sun moon and stars sacred springs and stones holy mountains and animals of the most diverse kind have all been approached with singular impartiality by primitive man as enshrining or symbolising a divine principle. But no other form of

pagan ritual has been so widely distributed has left behind it such persistent traces or appeals so closely to modern sympathies as the worship of the tree of none is the study better calculated to throw light on the dark ways of primitive thought or to arouse general interest in a branch of research which is as vigorous and fruitful as it is new For these reasons in spite of obvious disadvantages its separate treatment has seemed to the writer to be completely justifiable **The Sacred Tree, Or, The Tree in Religion and Myth** Mrs. J.
