Working Hard:

The Art Of Working Hard Zacharias Taneë Fomum,2015-05-17 The Art of Working Hard is a great piece of advice from God to ensure your success at all levels This book is a truly revolutionary manual and an incentive to let go of laziness and work with all our might in order to accomplish the purpose for which God created us The Author Z T Fomum makes us understand that it is almost impossible to work hard without a goal in sight and that this goal must be big enough to require God's intervention In addition one must jealously keep this goal in view so as not to lose it while planning one's work to ensure its success However in order for a goal to be accomplished one must be determined to work under pressure while pushing forward or pressing on Make this book your companion

Are You Working Hard or Hardly Working? Bryan Smith,2023-06-16 Work hard until the job is done That is the message Isaac hears repeatedly from his teacher his coach and his mom They have to keep reminding him to finish his tasks because Isaac always always puts fun first During math class Isaac quits an assignment because a robot on a faraway computer monitor is too cool to ignore At tennis practice he stops doing drills because he wants to spice things up by whacking tennis balls so hard they soar over the fence like out of the park homers When his mom promises a trip to the zoo if he cleans his room Isaac crams stuffs and piles every dirty shirt game and candy wrapper into a closet and calls it clean When the mess spills out burying his mom the zoo trip is delayed until he cleans his room the right way Isaac is so busy looking to have fun he ignores his responsibilities and all the work he needs to finish Will it make any difference when a caring teacher introduces him to four simple steps that can help him focus and finish tasks Or will Isaac keep making more work for himself by putting fun first *Are You Working Hard or Hardly Working* offers a timely message about the importance of having a strong work ethic and maintaining balance between work and play A special tips page written specifically for parents and teachers offers helpful ideas on how to empower kids to stay focused and on task

Working Hard, Earning Less ,1998

Co-Piloting Jim Haslam,John Driver,2020-08-25 This is the remarkable story of one of our nation's luckiest business leaders of the 20th and 21st centuries Its topics include sports military history and of course business principles that are sure to entertain and add value to readers of business books and memoirs All proceeds from the sale of this book will benefit nonprofits that support small business entrepreneurial and community based ventures so that like Jim Haslam others also may be afforded the chance to be fortunate in their own unique endeavors Meet James A Haslam II Big Jim as he is called by friends and family The details of his life his family and Pilot Company comprise a truly remarkable American story that has yet to be widely told mainly because Haslam has always refused to write about himself However after years of less than gentle prodding from his loving family and though under duress he has finally relented and agreed to pen the incredible story of luck and leadership that has taken him all over the world has enriched lives in countless communities and philanthropic endeavors and has led to the growth of the beloved company he founded and still serves daily even into his late eighties A graduate of the University of Tennessee Haslam

played on the famous 1951 National Championship football team led by coaching legend and mentor General Robert R Neyland whose renowned Game Maxims inspired Haslam's own viewpoints of life and leadership in family business and in the art of giving back. From being promoted to Company Commander in Korea at the age of twenty three to starting out at a small oil company with only one gas station you will follow the unlikely harrowing and often hilarious story of luck and leadership that has led Jim Haslam and his family to serve an unbelievable number of industry community and philanthropic endeavors affecting countless people in numerous communities not the least of all Knoxville and of course the beloved university Haslam truly believes has afforded him so much opportunity in life. Through great loss and great luck unforeseen tragedy and unlikely triumph the story of the Haslams and Pilot Company offers a unique entertaining and encouraging perspective to family faith and the discovery of what really matters the most in life. Friends and family also offer their unique stories and insights including contributions from Peyton Manning Phillip Fulmer Rick Barnes Senator Lamar Alexander former Walmart CEO Lee Scott former Tennessee Governor Bill Haslam and many more.

[The Complete Career Paths Series](#) James Bellerjeau, 2025-12-30 Who doesn't want to be successful in their career? While luck propels some people from one promotion to another we can take control over our fate. The tips here are ways to increase the odds that luck will find us. Drawing on hard won experience and the lessons of philosophers across time we'll explore what allows skilled problem solvers to overcome difficult situations and thrive. Thriving means putting our ambitions in their proper place and focusing on what will make us happy in life.

More than a Cog David Baron, 2014-04-07 MORE than a COG is a guide meant to help regular employees learn how they can get more out of their jobs while becoming indispensable to their companies. For as long as I can remember I have worked alongside some number of regular employees. And they have all complained about their positions, their compensation and their companies. And they never understood why they were in the positions they were or why others such as myself were treated so differently. Finally after years of being exposed to such tribulations and coupled with the past several years of hard times for the American work force I decided to try to help all of those regular employees become more than regular. Are you a Cog in some big machine of a Company? It's OK most of us are. But are you secure in your position within that company? Are you getting recognized and compensated the way you think you should? Whether you're flipping burgers for McDonalds, bending fenders for GM or counting beans for Earnst Young you need to be more than just another Cog. You need to be the best. Learn how great employees work at a career not just a job. Don't allow time inexperience or overconfidence to limit them. Understand and honor the two way relationship between themselves and their company. Make sure that everyone knows what needs to be known. Recognize and act upon opportunities to shine. Honor commitments that may have been made. Manage supervisor and customer expectation levels. Show pride in hard jobs done well. Take responsibility when things go wrong. Recognize that superiors and customers are partners for success. This ground breaking manual for employees can show you how to increase your value to your company while increasing the amount of joy

and pride you take in your work Here are some of the strong points that the book and its message have going for it Reads easy I am literally talking to the reader As a reader you can visualize me speaking to you employee to employee The conversation feels personal it feels natural Reads quickly An interested reader should be able to breeze through this book in two or three sittings This is not some dense 1 000 page tome but more of a svelte manual short and to the point Humorous and topical I employ many references to real life situations or popular theatrical arts that most readers will identify with and enjoy The stories help people feel more at ease making it easier to get the message across Surprising and Obvious at the same time Just like anything else that generates those wonderful Ah ha moments in life this book says things that will open peoples eyes and make them feel surprised that they never thought of that before And yet as you sit there after reading it you will know that most people don t see what is so obvious High Goals Tempered with Realism With each lesson of how to do things comes a safety valve a dose of reality called Caveats Readers appreciate it when an author lets them know that he knows the limits of his own advice Easy to Grasp Each chapter presents a single notion or technique Plus the text is distilled down to its most basic message in the final take away that concludes each chapter Written by true authority I am not some stuffy college professor a Wall Street analyst or retired CEO I am and have always been an employee just a Cog I am writing as one employee to another I know what I m talking about and it comes across that way A Needy Audience The U S collegiate system churns out several hundred thousand new employees per year on top of the tens of millions of workers already in the workforce Nobody has been trained on how to work Without help many of these people are sitting ducks Little Competition There are dozens of books on how to climb the corporate ladder how to be an effective leader or successful entrepreneur how to be more organized yada yada yada But there are practically no books on how to be a good employee Managers make up less than 20% of any corporation I m interested in the other 80% the people nobody cares too much about the common worker Timely Now more than ever employees need to hear the message of this book Employees need to learn what they can so that they can hold on to the jobs they have

The Impact of Racism on African American Families Professor Paul C Rosenblatt, 2014-02-28 In spite of the existence of statistics and numerical data on various aspects of African American life including housing earnings assets unemployment household violence teen pregnancy and encounters with the criminal justice system social science literature on how racism affects the everyday interactions of African American families is limited How does racism come home to and affect African American families If a father in an African American family is denied employment on the basis of his race or a wife is demeaned at work by racist slurs how is their family life affected Given the lack of social science literature responding to these questions this volume turns to an alternative source in order to address them literature Engaging with novels written by African American authors it explores their rich depictions of African American family life showing how these can contribute to our sociological knowledge and making the case for the novel as an object and source of social research As such it will appeal to scholars and students of the sociology of the family race and
