Patell,1994 Volume 6 of The Cambridge History of American Literature explores the emergence and flowering of modernism in the United States David Minter provides a cultural history of the American novel from the lyric years to World War I through post World War I disillusionment to the consolidation of the Left in response to the mire of the Great Depression Rafia Zafar tells the story of the Harlem Renaissance detailing the artistic accomplishments of such diverse figures as Zora Neal Hurston W E B Du Bois Langston Hughes Nella Larsen and Richard Wright Werner Sollors examines canonical texts as well as popular magazines and hitherto unknown immigrant writing from the period Taken together these narratives cover the entire range of literary prose written in the first half of the twentieth century offering a model of literary history for our times focusing as they do on the intricate interplay between text and context

Janeites Deidre Lynch,2020-07-21 Over the last decade as Jane Austen has moved center stage in our culture onto best seller lists and into movie houses another figure has slipped into the spotlight alongside her This is the Janeite the zealous reader and fan whose devotion to the novels has been frequently invoked and often derided by the critical establishment Jane Austen has long been considered part of a great literary tradition even legitimizing the academic study of novels However the Janeite phenomenon has not until now aroused the curiosity of scholars interested in the politics of culture Rather than lament the fact that Austen today shares the headlines with her readers the contributors to this collection inquire into why this is the case ask what Janeites do and explore the myriad appropriations of Austen adaptations reviews rewritings and appreciations that have been produced since her lifetime The articles move from the nineteenth

century lending library to the modern cineplex and discuss how novelists as diverse as Cooper Woolf James and Kipling have claimed or repudiated their Austenian inheritance As case studies in reception history they pose new questions of long loved novels as well as new questions about Austen s relation to Englishness about the boundaries between elite and popular cultures and amateur and professional readerships and about the cultural work performed by the realist novel and the marriage plot The contributors are Barbara M Benedict Mary A Favret Susan Fraiman William Galperin Claudia L Johnson Deidre Lynch Mary Ann O Farrell Roger Sales Katie Trumpener and Clara Tuite

Werner Sollors Reader Werner Sollors,2025-01-31 Born in Silesia raised in the Frankfurt area and educated in Berlin Werner Sollors has spent most of his career at Harvard University in the United States and is regarded in Cornel West s words as one of the finest scholars that we have on race and cultural hybridity in both this country and the world This Reader offers the first comprehensive overview of the work of a central figure in the field of ethnic studies The pieces collected here range from Puritan New England to contemporary Germany from Exodus to Mary Antin s Promised Land from the Curse of Ham to Teju Cole They attest to Sollors deep historical sensibilities his attention to textual detail and his awareness of the costs and opportunities of both cosmopolitan ideals and particularist commitments whilst addressing a central question why does modernisation take the form of ethnicisation in many places around the globe The collected essays are complemented by a detailed introduction by Daniel G Williams which foregrounds some of the key emphases and tensions in Sollors writings
