**Lexical Priming** Michael Hoey, 2012-10-12 Lexical Priming proposes a radical new theory of the lexicon which amounts to a completely new theory of language based on how words are used in the real world Here they are not confined to the definitions given to them in dictionaries but instead interact with other words in common patterns of use Using concrete statistical evidence from a corpus of newspaper English but also referring to travel writing and literary text the author argues that words are primed for use through our experience with them so that everything we know about a word is a product of our encounters with it This knowledge explains how speakers of a language succeed in being fluent creative and natural

[The Gracing of Human Experience](#) Donald L. Gelpi SJ, 2008-04-01 This study ponders different ways Christian thinkers understood humanity in its relationship to divine grace It names fallacies that have in the past skewed theological understanding of that relationship It argues that the philosophy of Charles Sanders Peirce avoided those same fallacies and provides a novel frame of reference for rethinking the theology of grace The author shows how the insights of other American philosophers flesh out undeveloped aspects of Peirce's thought He formulates a metaphysics of experience derived from his philosophical analysis Finally he develops an understanding of supernatural grace as the transmutation and transvaluation of human experience

*Slave Narratives - Collected Works (Illustrated)* Slave Narratives, 2025-09-25 Slave narratives comprise a prominent tradition of American literature shaping the form and themes of some of the most celebrated and controversial writing in the country's history The first slave narrative to become an international bestseller was the Interesting Narrative of the Life of Olaudah Equiano which introduced the slave ship through the innocent perspective of an African captive With the rise of the abolition movement in the early nineteenth century there was a demand for hard hitting eyewitness accounts of the harsh realities of slavery Numerous former slaves published detailed and engaging accounts of their enslavement and daring escapes to freedom This collection provides the most notable slave narratives published on both sides of the Atlantic spanning the mid eighteenth century to the modern era From the innovative brilliance of Henry Brown's escape in a box to Harriet Jacobs' harrowing ordeal of sexual harassment from Ellen Craft's ingenious impersonation of a white slaver to William Still's heroic accounts of the Underground Railroad from Solomon Northup's endurance through twelve years of slavery to Douglass' seminal accounts of the slavery institution these noble men and women have preserved their extraordinary tales of bravery defiance and hope for countless generations Version 1 Beautifully illustrated with images relating to Slave Narrative authors Concise introductions to all the texts 44 separate books with individual contents tables Rare accounts appearing for the first time in digital publishing Images of how the books were first published giving your eReader a taste of the original texts Excellent formatting of the texts Easily locate the stories you want to read Includes the complete WPA Slave Narrative Collection completed during the Great Depression preserving over 2 300 accounts available in no other collection Ordering of texts into chronological order CONTENTS The Narratives A Narrative of the Most
