Creating Diversities Folklore Religion and the Politics of Heritage seeks answers to this question It emphasizes two  
important factors in the cultural and political exchanges among historical minorities recent immigrants and the majority

ethnic selves and in the establishment of boundaries between groups The second factor is the role of national and regional  
folklore archives and ethnographic and cultural historical museums which create ideas and images of minorities These  
representations created in different political climates affect the general understanding of the people depicted Fifteen well  
known folklorists and ethnographers from Norway Sweden Finland Estonia and the United States offer insights and
