**Hecho en Roma** Manuel Blanco,2017 The projects by artists and researchers in residency at the Spanish Academy in Rome This publication which accompanies the exhibition of the same name curated by Manuel Blanco brings together the projects made by the artists and researchers in residency at the Spanish Academy in Rome during the year 2015 2016 The works are explained through critical and descriptive essays and shown in more than 160 full colour images in total Both the book and the exhibition are the result of a new phase initiated by the Spanish Academy in Rome in the past few years during which it has become a bustling laboratory of new knowledge and ideas by encouraging and supporting innovative research and artistic production projects such as the ones included in this publication The exhibition Hecho en Roma Made in Rome will be held at the Real Academia de Bellas Artes de San Fernando from 25 February to 2 April 2017 Text in English and Spanish 160 images *The Church School Journal* ,1916

**New Workplaces—Location Patterns, Urban Effects and Development Trajectories** Ilaria Mariotti,Stefano Di Vita,Mina Akhavan,2021-04-02 This book explores the innovative workplaces namely coworking spaces and makerspaces that are emerging as a consequence of digital innovations and the related development of the knowledge economy and society in the wake of deindustrialization Drawing on international and multidisciplinary research projects fresh insights are provided into current trends research methodologies actors location patterns and effects and urban and regional policies and planning The aim is to cast light on all aspects of these new working and making spaces highlighting their innovative geographies and the complexities of their nexus with urban and regional change processes from both the

theoretical and the empirical point of view The book includes multiple illuminating case studies from the advanced economies of North America and Europe carefully selected for their relevance to the topic under analysis This book is designed for an international audience comprising not only academicians but also policymakers representatives of civil and entrepreneurial associations and business operators

**New York Libraries** ,1915 [The Conference Board Review](#) ,2009 [New York Libraries. a Quarterly Devoted to the Interests of the Libraries of the State](#) ,1918 **Studies in the American Renaissance** ,1982 *The American Architect and the Architectural Review* ,1923 **Coworking Spaces in La Paz, Bolivia** Lucas DuPriest,2019 This paper investigates the location patterns of coworking spaces the effects of coworking spaces on the local and urban context and coworking spaces potential opportunities for the creation of local economic development issues that have been neglected in a Bolivian context by the existing literature The focus of this paper is on La Paz Bolivia s political capital and the city in Bolivia which host the largest number of coworking spaces The paper addresses three main questions 1 Where are the main locations of coworking spaces in La Paz 2 to what extent do coworking spaces generate transformative effects on the local respectively the urban scale e g physical transformations changes in practices community building 3 how do coworking spaces create potential opportunities for local economic development Desk research demonstrated that location patterns of coworking spaces are concentrated to two main commercial areas of the city as well as to the main infrastructural and transportation axes Field research highlighted local and urban effects such as local community initiatives and micro urban transformations in both spaces and practices Lastly field research assessed coworking spaces role in the socio economic ecosystem Three main typologies have been identified the first type of coworking spaces act as social entrepreneurship and start up incubators with a supportive role and closer ties to social and urban issues the second type of coworking spaces act as coffee and cowork incubators providing caf s with shared workspaces the third type of coworking spaces act as real estate business incubators and are mainly a commercial product responding the demand for flexible office spaces This paper therefore helps to fill the gap in the literature about the location patterns of these new working spaces and their effects at different scales both in terms of spaces and practices as well as local economic development

**The Country Gentleman** ,1917 **New Workplaces-Location Patterns, Urban Effects and Development Trajectories** Ilaria Mariotti,Stefano Di Vita,Mina Akhavan,2021 This book explores the innovative workplaces namely coworking spaces and makerspaces that are emerging as a consequence of digital innovations and the related development of the knowledge economy and society in the wake of deindustrialization Drawing on international and multidisciplinary research projects fresh insights are provided into current trends research methodologies actors location patterns and effects and urban and regional policies and planning The aim is to cast light on all aspects of these new working and making spaces highlighting their innovative geographies and the complexities of their nexus with urban and regional change processes from both the theoretical and the empirical point of view The book includes multiple illuminating case

studies from the advanced economies of North America and Europe carefully selected for their relevance to the topic under analysis This book is designed for an international audience comprising not only academicians but also policymakers representatives of civil and entrepreneurial associations and business operators *Awakening the Management of Coworking Spaces* Ricarda B. Bouncken,2023-01-24 In *Awakening the Management of Coworking Spaces* the chapter authors combine a scientific approach with managing implications developing theoretic constructs reporting qualitative and quantitative findings about challenges potentials effects managerial solutions and success stories **The Effect of Workplace Design to Employee Engagement, Collaborative Capability, and Perceived Work Performance in Coworking Spaces** Hannah Angelica Go,Lalaine B. Boco,Joseph Christian A.,2018-03-13 Bachelor Thesis from the year 2018 in the subject Leadership and Human Resources Miscellaneous University of Santo Tomas College of Commerce and Business Administration course Human Resource Development Management language English abstract The Coworking space phenomenon is rapidly growing across the countries of North America Europe and Asia Owing to its functional work environment it offers coworkers a collaborative atmosphere that makes them more involved at work The research study aims to describe the causal relationship of workplace design to perceived work performance and to employee engagement and collaborative capability as mediating variables through the use of Structural Equation Modeling SEM A total of 350 coworkers aged 18 60 years old from 27 different coworking spaces in Metro Manila Philippines participated in the study The findings of this research revealed that workplace design has no direct effect on perceived work performance hence perceived work performance improves when coworkers are more engaged and have better collaborative capability Nonetheless the rest of the hypothesized premises were affirmed in the result of this study This paper can help the HR managers and the business centers to create a more flexible and constructive workplace setting for their employees Further the results can be used as a basis for the fundamental shift of the traditional workspace into a new creative workplace
