Current Trends in Community Health Models Marco Bassanello, Ruggero Geppini, Xin-Nong Li, 2025-01-08

In recent years, the field of community health has undergone significant transformations driven by global health challenges, technological advancements, and a deeper understanding of the social determinants of health. *Current Trends in Community Health Models* delves into the evolving approaches reshaping how communities engage with health and wellness. This book explores four pivotal areas that are central to these changes:

1. **Global Health and Community:** This section examines how global health challenges such as infectious diseases and health disparities influence community health models and the importance of addressing these issues within local contexts.
2. **Technology in Community Health:** This section discusses the role of digital tools and technologies such as telemedicine and artificial intelligence in transforming community health by improving access to care and enhancing the efficiency of health services.
3. **Cross Sector Collaboration:** This section highlights the growing importance of collaboration between various sectors such as healthcare, education, social services, and urban planning, and explores how working together can address the broader social determinants of health.
4. **Mental Health and Community Well Being:** This section emphasizes the increasing focus on mental health within community health models, addressing the need for integrated approaches to support community members' mental and emotional well-being.

Each chapter contributes to a comprehensive understanding of the current shifts in community health, offering innovative insights into how health can be improved through local, collaborative, and technology-driven efforts. Through these discussions, the book provides a comprehensive look at the dynamic and interconnected forces shaping community health, offering valuable insights for policymakers, health professionals, and community leaders working toward healthier, more resilient communities.
