and Accountability and Content Creation We propose a substantial research plan to enhance the metaverse further Additionally we provide a balanced introduction to bitcoins and blockchains covering essential concepts such as digital cash cryptocurrency Bitcoin Ethereum and the risks involved in managing these digital assets The book also explores how banks and large organizations use blockchain technology to enhance their operations Exploring the Intersection of Metaverse and Cryptocurrency is an essential guide for understanding the future of these interconnected technologies and their impact on our digital world

Running a Successful Live Service Game Sergei Vasiuk,2024-12-03 This book unveils the secrets of extraordinarily successful games and hands you a smarter way to create exceptional engagement and convert it into revenue It teaches you detailed LiveOps techniques that show you how to keep your game appealing through engaging events personalized experiences and smart monetization You ll discover the 3 LAPs of Operations framework a dynamic question driven process that you can implement to systematically boost retention and achieve your game s financial goals The book delves into the intricate business of live service games explaining how to enhance your operational efficiency with precise toolset implementations and analytics While some studio leaders merely talk about riding the trend this approach is far too passive Embrace the shift towards people driven game development where your players evolve from mere consumers into active co creators This transformation allows you to construct your own trend known as People s LiveOps where you engage your most devoted fans and offer them opportunities to earn a living through their creations Essential for professionals in live service games this book is also invaluable for aspiring talents and seasoned experts aiming to enter or excel in the gaming industry

New Directions in Childhood Studies James M. Curtis,2024-01-04 New Directions in Childhood Studies Innocence Trauma and Agency in the Twenty first Century acknowledges that the conceptual frameworks for understanding the experience of childhood in the twentieth century are no longer adequate and offers important updates to the construct of American childhood The chapters in this collection examine contemporary children s literature film and video games to explore the ways in which everyday realities like trauma disaster and death impact the experience of childhood in America today In many ways the essays show the narratives blur traditional lines between children s and adult content taking children series as subjects while also guiding them through the processes of dealing with the particular challenges Collectively the essays develop a more contemporary construct of the American child and offer new insights into what that construction might mean for contemporary American society and culture

Futurisks: Risk Management in the Digital Age Halis Kiral,Gökhan Yılmaz,2025-06-09 This book explores the profound impact of digital transformation on enterprise risk management It highlights the shifting dynamics of supply and demand influenced by technological advancements evolving customer preferences geopolitical tensions and regulatory developments Beyond building digital infrastructure digital transformation requires organizations to rethink strategic decisions business processes and the legal and ethical frameworks governing operations The book identifies critical risk areas amplified by digital transformation including cybersecurity data

privacy compliance labor third party dependencies business continuity environmental sustainability and regulatory challenges The book underscores the need for organizations to move beyond superficial digital updates and adopt transformative approaches to business models processes and structures It offers actionable strategies for leaders to navigate the complexities of rapid technological change and turn emerging risks into opportunities Responsible Marketing for Well-being and Society Michael Saren, Louise M. Hassan, Miriam McGowan, N. Craig Smith, Emma Surman, Rohit Varman, 2024-04-09 This book provides an overview of recent and current research which defines and scopes the field of responsible marketing in one single edited book It brings together diverse perspectives from contributors at Birmingham University leading the academic development of knowledge of the subject to contribute to the learning curriculum and reach out to those interested in improving marketing practices and standards Responsible Marketing for Well being and Society draws together a rich and diverse body of scholarly research from a variety of perspectives from individual to global macro and micro producer and consumer environmental stakeholder supply chain and other intermediary viewpoints The embryonic research in this field involves different philosophical and methodological positions theoretical approaches and research communities including aspects of corporate social responsibility marketing ethics critical marketing consumer culture theory and macromarketing The book takes a predominantly organisational or enterprise level perspective in order to understand and explain how individuals and organisations can manage their marketing activities and relationships responsibly The actions of other stakeholders are also a crucial component in achieving responsible outcomes therefore a broader perspective on the impacts of marketing decisions and actions on other stakeholders such as consumers employees the environment and society is also taken as a basis for analysis and discussion The book provides an authoritative overview for the academic market including university libraries research teams PhD students and independent researchers The topics and contents of responsible marketing are relevant to several disciplinary fields of study including marketing advertising retailing and other business subjects consumer studies sustainability ethics public policy media studies psychology economics and other social sciences **Welcome to the Metaverse** David L. Shrier, 2025-07-08 A clear eyed guide to the metaverse and how this powerful technology along with advances in spatial computing VR and AR will impact our economy our lives and our world The metaverse That term elicits a wide range of ideas and opinions For many it represents the next evolutionary phase of the internet a fully immersive digital universe where people can interact work and play in virtual environments For others it s yet another overhyped technology So what is it exactly And what will its impact be While speculation and predictions about the metaverse are varied one thing is clear it is impacting the world of business as well as people s lives and it will continue to do so in the future The global metaverse market is predicted to be worth about 1 trillion by 2030 with over two billion users participating in some form of immersive experience There s a reason why companies are investing heavily in spatial computing and why platforms like Roblox are thriving The metaverse along with the technologies that underpin it is still

evolving but it will eventually offer more ways for people to experience the world and each other In Welcome to the Metaverse David Shrier a world leading futurist and the author of Welcome to AI offers an entertaining look at the potential uses and impacts of this virtual space on business and life **Digital Marketing** Raj Sachdev,2023 Digital Marketing is targeted primarily at undergraduate courses in Digital Marketing however it may also be used in certificate and graduate programs It is grounded in marketing theory and concepts and adopts a strategic and analytical approach with global examples The material can be used in any teaching format in class online and hybrid Not only does it cover the latest digital marketing tools but it also emphasizes current marketing trends and shows how these tools should be applied
