

Rivers.

*As a river flows
It begins to change
And that is why rivers
Never stay the same
And just like a river
My currents shift each day
And the way I am right now
Might not always remain
So if you're searching
For the one I used to be
They have washed away
All the way out to sea*

Slopes To The River Poems:

Slopes to the River Beth Ann Bassein, 1996-01-01 Laughter nostalgia and terror permeate these poems about family growing up coping in the public arena and surviving catastrophe Subjects range from whales and skulls to beggars students a sick chicken whiskey and Saint Theresa

The Road to East Slope Michael Anthony Fuller, 1990 Su Shi 1037 1101 is the greatest poet of the Song Dynasty a man whose writings and image defined some of the enduring central themes of the Chinese cultural tradition Su Shi was not only the best poet of his time he was also a government official a major prose stylist a noted calligrapher an avid herbalist a dabbler in alchemy and a broadly learned scholar The author shows how this complex personality was embodied in Su Shi's work and traces the evolution of his poems from juvenilia to the poems written in exile in Huangzhou where Su settled on a farm at East Slope

Concordance to the Works of Alfred Tennyson Poet Laureate Alfred Tennyson Baron Tennyson, 1870 The Top of the Continent Robert Sterling Yard, 1917 *A revised text of the poems of Vergil* Virgil, Henry Simmons Frieze, 1883 Classical World Literatures Wiebke Denecke, 2013-11-25 Ever since Karl Jaspers's axial age paradigm there have been a number of influential studies comparing ancient East Asian and Greco Roman history and culture However to date there has been no comparative study involving multiple literary traditions in these cultural spheres This book compares the dynamics between the younger literary cultures of Japan and Rome and the literatures of their venerable predecessors China and Greece How were writers of the younger cultures of Rome and Japan affected by the presence of an older reference culture whose sophistication they admired even as they anxiously strove to assert their own distinctive identity How did they tackle the challenge of adopting the reference culture's literary genres rhetorical refinement and conceptual vocabulary for writing texts in different languages and within distinct political and cultural contexts Classical World Literatures captures the striking similarities between the ways early Japanese authors wrote their own literature through and against the literary precedents of China and the ways Latin writers engaged and contested Greek precedents But it also brings to light suggestive divergences that are rooted in geopolitical linguistic sociohistorical and aesthetic differences between early Japanese and Roman literary cultures Proposing a methodology of deep comparison for the cross cultural comparison of premodern literary cultures and calling for an expansion of world literature debates into the ancient and medieval worlds Classical World Literatures is both a theoretical intervention and an invitation to read and re read four major literary traditions in an innovative and illuminating light

Board of Trustees of Public Schools,1898 **Report of the Commissioners of the District of Columbia** Washington (D.C.). Board of Commissioners,1899 **The Wolfpen Poems** James Still,1986 By choice James Still has lived most of his 80 years in Eastern Kentucky in the Hindman Settlement though born in Alabama he says that the day he arrived in Knott County he felt he had come home and was cast on the mighty river of earth with the living and the dead riding the waters As with Roy Helton another good poet drawn to Appalachia from the outlands he has drunk lonesome water and so for the rest of life has been bound to the hills The Wolfpen Poems seem to me to establish Still as the truest and most remarkable poet that the mountain culture has produced He is a more permanently valuable writer for instance than his fellow Kentuckian Jesse Stuart who shared some of Still s background but was shamelessly exploitative of it very nearly to the point of becoming a professional hillbilly There is none of this attitude in Still s example The poems are quiet imaginative and sincere and the poet s terrible grief over the loss of a way of life when the dulcimers are gone registers with double effect because of the modesty of statement Throughout everything Still writes that there is a continual sense of both custom and uniqueness of tradition and at the same time the strangeness of the tradition of work and wonder of the everyday things one does in order to survive taking place in a kind of timelessness a world of sacramental objects
