*Sniff- A Novel* J. P. Polidoro,2011-03-03      **Olfaction in Early Childhood Research and Practice** Natalia Ingebretsen Kucirkova,2024-10-04 An innovative exploration into the immediate and profound effects of sensory engagement this book delves specifically into the incorporation of smell within the context of contemporary childhood experiences Thinking to future advancements in educational technology it is expected that digital media will eventually integrate all senses This book outlines the convergence of children s learning and olfaction setting the groundwork for future oriented early education that seamlessly integrates sensory learning with advancements in technology Guided by child development theories and recent insights into embodiment socio material theories and affective literacy chapters explore The opportunities of olfaction in early education research and practice Developing olfactory literacies Olfaction in children s reading and story telling Cultural and socio technical influences on olfaction Anticipating olfactory education futures This unique book is the first volume to communicate the power of smell in early childhood paving the way for new approaches that empower children through innovative multisensory experiences      The Author ,1903      *The Novels of Ivan Turgenev: Smoke* Ivan Sergeevich Turgenev,1916      **Ethanol, Its Active Metabolites, and Their Mechanisms of Action: Neurophysiological and Behavioral Effects** Elio Acquas,John D. Salamone,Mercè Correa,2018-07-12 Ethanol the main psychopharmacologically active ingredient of alcoholic drinks represents a paradigmatic example of a research subject intrinsically able to perpetually self generate interdisciplinary cutting edge investigations This eBook was inspired by the aim of providing an up to date characterization of the diverse effects of ethanol of the possible mechanisms of action on different intracellular systems as well as of the hypothesized actions of ethanol and or its metabolites on various neurotransmitters and neuromodulators Indeed the eBook provides a factual example of an excellent synthesis on the complex relationship between ethanol and its main biologically active metabolites Chapter 1 on the behavioral and molecular consequences of early exposure to them Chapter 2 on the recent proposals advanced by the preclinical research for new therapeutic approaches to distinct aspects of alcoholism Chapter 3 and on the most recent and original preclinical evidence of the interactions between ethanol and or its metabolites and the dopaminergic adenosinergic and endocannabinoidergic systems Chapter 4 Overall we believe that this eBook accomplishes its main goals of widening the perspective on this research subject and offering the readership a newer and simultaneously up to date and comprehensive scenery on ethanol s and ethanol s active metabolites neurophysiological and behavioral effects      Charles Dickens Gilbert Keith Chesterton,1906      **The Literary World** ,1901      *Sniffing Papa* Inderjit Badhwar,2002      *As We Were Saying* Wyatt Prunty,Megan Roberts,Adam Latham,2021-06-09 Every summer for the past thirty years the Sewanee Writers Conference has gathered a community of writers for two weeks of workshops readings talks and meetings focused on the craft and art of writing This book is a selection of craft talks delivered during the conference over the last several years Some essays focus on one or two authors some focus on texts while others cast their

regard more broadly All are written in response to questions generated by the process of writing as masters of the craft candidly report challenges they confront and the means by which they work to resolve such issues The eighteen essays encompass poetry fiction and playwriting investigating questions of language character design and meaning with nuanced readings of particular authors and works alongside more wide ranging reflections on craft Designed for audiences of writers and readers across multiple levels and backgrounds the essays collected in *As We Were Saying* offer original insightful arguments about the craft of writing and the power of literature

**The Scottish Review** ,1884 [Using Stress-Based Animal Models to Understand the Mechanisms Underlying Psychiatric and Somatic Disorders](#) Stefan O. Reber,David A. Slattery,2017-01-13 Chronic or repeated stress particularly psychosocial stress is an acknowledged risk factor for numerous affective and somatic disorders in modern societies Thus there is substantial evidence showing that chronic stress can increase the likelihood of major depressive disorder and anxiety disorders as well as cardiovascular diseases irritable bowel syndrome and pain syndromes to name but a few in vulnerable individuals Although a number of pharmacological agents are available to treat such stress related disorders many patients do not respond to them and those who do often report a number of side effects Therefore a major emphasis in modern basic research is to uncover the underlying aetiology of these disorders and to develop novel efficacious treatment strategies This has led to a resurgence in developing and using appropriate animal models to study a wide variety of stress related disorders Thus the aim of this research topic Using stress based animal models to understand the mechanisms underlying psychiatric and somatic disorders was to bring together novel research articles and comprehensive review articles from prominent stress researchers In addition to describing the insights such models have provided relating to the aetiology of psychiatric and somatic disorders these articles also encompass mechanisms that are believed to underlie stress resilience and stress protection Finally given the current prominence on the role of the brain gut axis in health and disease the research topic covers the emerging evidence showing how the gut particularly the microbiota influences affective behaviour and physiology
