The Saigon Tangent Kevin Clark, 2008-10-14 The Saigon Tangent During the Vietnam War Special Forces units operating under the Central Intelligence Agency s Phoenix Project conducted covert operations which ranged from rescuing POWs to assassinating communist officials During a rescue mission one member was captured and tortured by a renegade KGB agent for information When this member was rescued it was believed that the Russian was killed Nearly twenty years later there is a rash of grisly homicides that have the NYPD dumbfounded Five of the original Special Forces members now law enforcement officers at the local state and federal levels are called upon to form a special task force and given the task of solving these murders as well as recovering top secret documents taken from the CIA itself An intricate web of deceit with ties to Vietnam

The Whole Story John E. Simkin, 1996 This work is the only comprehensive guide to sequels in English with over 84 000 works by 12 500 authors in 17 000 sequences

Ultimate Spy H Keith Melton, 2009-09-21 Ultimate Spy Enhanced provides a unique opportunity to enter the secret world of espionage revealing the stories of famous spies recounting tales of famous spy operations and showing an amazing range of spy paraphernalia Throughout history espionage has been used as a means of trying to gain advantage over the enemy Ultimate Spy Enhanced outlines the early history of espionage It then goes to examine key spying operations during the American Civil War through both World Wars and the Cold War up to the present day This expanded edition includes a new section that looks in detail at post Cold War spying activities bringing the reader up to date with the rapidly evolving high technology world of spying Over the years the author of Ultimate Spy Enhanced has amassed an incredible collection of spy devices including concealed cameras lock picks suitcase radio and assassination devices many hundreds of which were shown for the first time in the original edition For this new edition a large number of new items are included many never seen by the public before They include laser listening devices miniature satellite transmitters new microdot cameras and various spy cameras hidden in everyday objects such as pens and key chains

Ultimate Spy Enhanced also includes information on how spies are chosen and recruited the training they receive and the tricks of the trade A glossary explains abbreviations of important intelligence and security organizations and defines many common terms used in espionage

Agent Sniper Tim Tate,2021-12-14 The thrilling never before told story of Agent Sniper one of the Cold War s most effective counter agents Michal Goleniewski cover name Sniper was one of the most important spies of the early Cold War For almost three years as a Lieutenant Colonel at the top of Poland s espionage service he smuggled thousands of top secret Soviet bloc intelligence and military documents as well as 160 rolls of microfilm from behind the Iron Curtain Then in January 1961 he abandoned his wife and children to make a dramatic defection across divided Berlin with his East German mistress to the safety of American territory There he exposed more than 1 600 Soviet bloc agents operating undercover in the West more than any single spy in history The CIA called Goleniewski one of the West s most valuable counterintelligence sources but in late 1963 he was abandoned by the US government because of a split inside the agency and over questions about his mental stability and his trustworthiness Goleniewski bears some of the blame for his troubled legacy He made baseless assertions about his record notably that he was the first to expose Kim Philby He also bizarrely claimed to be Tsarevich Aleksei Romanoff heir to the Russian Throne who had miraculously survived the 1918 massacre of his family For more than fifty years American and British intelligence services have sought to erase Goleniewski from the history of Cold War espionage The vast bulk of his once substantial CIA and MI5 files remain closed Only fragments of his material crop up in the de classified dossiers on the KGB spies he exposed or the memoirs of CIA officers who dealt with him but his newly released Polish intelligence file reveals the remarkable extent of his espionage on behalf of the West A never before told story that brings together love and loyalty courage and treachery betrayal greed and ultimately insanity Tim Tate s Agent Sniper is a crackling page turner that takes readers back to the post war world and a time when no one was what they seemed
