**Soccer** Donald Y. Yonker, Alexander Weide, Yonker, 1985-06-03      **The Soccer Coach's Guide to Kids Training Drills** J. D. Dean, 2010-07-12 This is the definitive guide for soccer coaches looking to gain an edge with their team Step by step training drills for kids which will not only take their game to a new level but also improve a player s skills It s fun soccer drills for kids training they will appreciate and make you as coach proud of your team The Soccer Coach s Guide To Kids Training Drills can literally fast forward your player s skill levels but at the same time keep them interested motivated and having fun You ll discover 16 ball by ball plays with diagrams and once you master these skills you ll be the envy of every other coach in your competition Learn the skills to motivate your team and how to balance winning and fun in such a way they will respect and admire you as their coach      Soccer iQ Presents High Pressure Dan Blank, 2017-04-10 In this installment of the Soccer iQ series college soccer coach and best selling author Dan Blank educates coaches and players on the most effective ways to implement a high pressure style of team defending Nearly 80% of goals scored are the result of three or fewer passes and more than half of all goals scored begin when a team wins possession of the ball in its attacking half of the field The numbers clearly indicate a statistical advantage to winning the ball in the opponent s end of the field and that s exactly what high pressure is designed to do High pressure is perhaps the most misunderstood term in soccer s vocabulary There are countless coaches who want their teams to play high pressure but many of them aren t always quite so sure about what that means They tend to translate high pressure into run around like you stole something until we score They only extract the urgency of which the term implies without much understanding of the nuance that makes high pressure a formidable system of team defense Those coaches understand that high pressure requires a high work rate but they don t understand the tactical savvy that can maximize the output of that work As a result their teams feature only the madness but not the method behind successful high pressure High Pressure provides an easy to follow blueprint for coaches and players so they know not only what to do but why they are doing it In this book Dan Blank clarifies the differences between high and low pressure and explains the big picture of high pressure defending You will learn the roles of each position the importance of restraining lines and how to set up pressure funnels to win the ball in the attacking half Coach Blank also details the telltale cues that signal a team to step up or back off its pressure and much much more High pressure defending requires more than just hard work It requires organization communication and an indefatigable team spirit This book will show you how to create and implement these elements to get a maximum return on your team s effort      101 Steps to Win the World Cup Cirrus Kazimi, 2007-01-15 Never before has so much information and wisdom about playing and coaching the game of soccer Football have been collected and processed in one book From who is the right player to who is the right coach for this job to how to develop your player s technique From team tactical skills to how to manipulate time and space and restarts and how to meet the physical demands of the game and become a faster player The player s diet and the psychology of the game and

*The Modern Soccer Coach* Gary Curneen,2018-01-19 In recent years player development has been a hot topic in the soccer world With more pressure on coaches to win than ever before the modern game seems to be less about actual players and more about tactical systems In many places the majority of training sessions are structured so that each player receives the same training as his or her teammates even though they are asked to perform different functions As a result players do not receive specific feedback and lack the ability to produce functional skills in the heat of a game Aimed at football coaches of all levels and players of all ages and abilities *The Modern Soccer Coach Position Specific Training* seeks to identify develop and enhance the skills and functions of the modern soccer player whatever their position and role on the pitch This book offers unique insight into how to develop an elite program that can both improve players and win games Filled with practical no nonsense explanations focused player drills and more than 40 illustrated soccer templates this book will help you the modern coach to create a coaching environment that will take your players to the next level Understand how the concept of player development needs to change as players progress in the game Examine how learning styles have changed and how coaches must adapt accordingly Enhance your players performance levels with innovative exercises and ways to share feedback and critical information Includes chapters and exercises for developing Centre Backs Full Backs Holding Midfielders Attacking Midfielders Wide Attackers and Centre Forwards Learn how certain coaches can move their players from interested to committed Develop ways to maximize the talent levels of your players

*Soccer Coaching: A Step-by-Step Guide on How to Lead Your Players, Manage Parents, and Select the Best Formation* Dylan Joseph,2019-10-06 Wish you had a book that was quick to read that doubled your confidence Want to learn the 1 thing to build the bond between you and a player that takes less than 5 seconds Ever have difficult players or parent s of a player and wish you knew the steps how to handle them in a way that is a win win for both parties If any of these situations describe where you are at you are not alone Working with the directors of your club managing the expectations of your players parents and making an enjoyable experience for the players while also wanting to win is not an easy feat This book is NOT intended to be a complete guide on coaching because if you have ever coached you realize that everything to know could not be contained in one book This book s aim is to point out and provide help with the most important areas for you the coach to succeed Ideally you have an infinite amount of time to work with your players However we both know that you hardly get enough practices each year and the players attention spans can make the practices even more limited Therefore this book details the most important 20% of coaching points to help you get 80% of the results This book details various coaching styles ways to get the team to respect

you even more and work hard for you This book does not cover the technical aspects of soccer like how to pass the ball shoot properly perform a foot skill Other books in the Understand Soccer Series have been created to cover those subjects Outcomes of applying this book Work with your players parents instead of against them Know the advantages and disadvantages of the major formations Understand the 1 technique so your advice is followed and not just heard Why does learning these things matter Building your soccer knowledge grows your coaching confidence Coaching esteem is key to build the belief in yourself to know how to handle the difficult situations that can arise when coaching Women's Soccer Coach Book Sport Chimp Publishing,2019-11-12 Soccer Coach Book Training Notebook Match Score When you finally get to manage your very own soccer team you wear a crown that can be filled with thorns Being the coach of a team you are responsible for putting together a winning and competitive combination for your soccer team Compared to the big leagues college or high school soccer is no less in quality excitement and top class thrills but you need to have top class players as well A prompted fill in soccer team plays notebook to record all your soccer coaching notes playbook to referee record game statistics working with your teams training and drills Each page is undated allowing you to date the page as needed Features Soccer Play Drawing Field Templates Size 8X10 inches Cover Matte Softcover Interior Pages White Lined Pages Total Pages 110 total pages Gift For Soccer Coaches School Year Gift Sports and Recreation Gift Christmas Gift Birthday Gift Gift Under 10 Soccer: The 6-Week Plan Thorsten Schmutge,Toto Schmutge,2016-11-28 Soccer coaches need to train practice and drill players on passing dribbling shooting tactics and much more But they often have a hard time finding the best exercises to create a good team Toto Schmutge a former professional soccer player from Germany has created the perfect 6 week plan to help coaches of any skill and experience level give their team a competitive edge and gain confidence as a coach This plan is especially adjusted to help during pre season training These practical training programs were created by professional soccer players and coaches and can be applied to any team Regardless of the age or talent of the players with these exercises they will learn techniques and tactics and improve their strength speed endurance and agility The exercises are described in detail and very easy to follow Illustrations for every exercise provide the coach with visual aids to explain the drill With Toto s guide any team will become more successful Basic Soccer Drills for Kids Chest Dugger,2022-11-01 Are you looking to take your kids soccer game under 15 years to the next level Note The author has coached teams to finals of national competitions his teams have played at St George s Park the home of English soccer twice He was invited to be a part of the expert panel when the Government re wrote the curriculum for sport in school in 2010 He has coached across wide ages but his main experience is ages 8 13 and within that 9 11 All of the drills are ones he has used his teams were not selective just normal school sides All these drills can be adapted by a good coach for any age Soccer is the most popular team sport in the world It is perfect for kids to play It is safe simple and the skills required can be easily acquired Becoming an expert player requires high levels of dedication natural athleticism and innate skills Any girl or boy can take to the sport and find

enjoyment at their own level It is for this reason that the game is escalating to such a rapid extent in the US And it is why the need for coaches and players is growing continuously and rapidly After all who would not turn down the chance for their kids to keep physically fit to allow their natural competitiveness to be channelled in an organized way to be kept busy in a manner that is both productive and worthwhile In addition to this soccer develops dexterity problem solving collaboration friendship respect self discipline team spirit and sportsmanship All of which are life skills that are best acquired young But there is so much to learn for youngsters who wish to become soccer players at a good club level Shooting defending pressing passing controlling the ball the laws of the game even professionals struggle at times with the offside law as do it sometimes seems the referees themselves And more important than all of these children must learn about the spirit of soccer Fair play and the sportsmanship mentioned above This is especially so for today s youngsters facing all the pressures of growing up in a challenging world driven by the twin pressures of consumerism and social media Here s What s Included In This Book The 7 different kinds of skills that kids need to learn in soccer How Ball Control Skills escalate the level of your kids soccer game 6 Passing Drills that will improve team cohesion quickly Offensive Tips Tricks and Drills that will make your team win 6 Drills that will make your kids get to defend in numbers and strength How to get kids to learn from the pros on TV 6 Drills that will make your kids get to defend in numbers and strength 5 Dribbling Tips and Drills that will make your kid stand out How the Mental Side of Soccer will improve your kids social and life skills What Parents must do during soccer practice and games Scroll up and Download Now **Create a World Class Soccer Defense** Chest Dugger,2019-10-13 Do you want to learn how to improving your defensive game Or looking for ways to solidify your team s defense This book is your answer As was said by a great soccer manager Offense wins games defense wins titles This is the case with every level of the professional and amateur game in all countries across the globe Although there is a correlation between scoring the most goals and winning leagues it does not seem to be quite as strong as having a watertight defense So we might conclude that while scoring goals thrills the crowd and helps a team to win to be a champion it is even more important that the defense is as strong as it can possibly be We hope that we have made our case Defense is key to a team s success But there is another important reason for this coaching book on a team s defensive unit We can coach attacking play set moves individual skills and so forth can all help a team to create and score chances However goals often result from a touch of magic The thirty yard screaming shot the piece of dribbling brilliance the through pass hit with precision and vision These are hard attributes to train Or they can result from an error by the opposition A mishit clearance a goal keeping mistake a positional defect or communication lapse Consistent training and coaching can make a bigger impact with defense than can be with offensive players Movement that becomes second nature knowledge technique experience and positional awareness allied to teamwork and communication these are the elements that come together to produce a defense hard to breach They are all factors which the coach can improve with their team through drills team and individual coaching It is true if not often said that

attackers thrill the crowd while defenders win matches at whatever level we play the game from professional to Under ten teams playing on a Sunday morning And it is there with the match winning defense that a coach earns his salt **Women's Soccer Coach Playbook** Sport Chimp Publishing,2019-12-22 Soccer Coach Book Training Notebook Match Score When you finally get to manage your very own soccer team you wear a crown that can be filled with thorns Being the coach of a team you are responsible for putting together a winning and competitive combination for your soccer team Compared to the big leagues college or high school soccer is no less in quality excitement and top class thrills but you need to have top class players as well A prompted fill in soccer team plays notebook to record all your soccer coaching notes playbook to referee record game statistics working with your teams training and drills Each page is undated allowing you to date the page as needed Features Soccer Play Drawing Field Templates Size 8X10 inches Cover Matte Softcover Interior Pages White Lined Pages Total Pages 110 total pages Gift For Soccer Coaches School Year Gift Sports and Recreation Gift Christmas Gift Birthday Gift Gift Under 10 **It Pays to Win on Offense** James Jordan,2015-05-27 Named to US Youth Soccer s Recommended Reading List in September 2015 and updated with ALL NEW GRAPHICS AND DIAGRAMS It Pays to Win on Offense is a book for soccer coaches who are looking for the most effective way to engage all of their players all of the time in order to teach them attacking soccer concepts The book provides an all encompassing Game based Soccer framework for instilling a relentless attacking mindset in players By combining educational theory and making everything a competition coaches can maximize their practice time and teach that attacking concepts are not just limited to certain players or limited to specific positions on the field Let s be honest there are a lot of soccer coaching books out there Why would you choose to read this one For parents of soccer players It Pays to Win on Offense gives you insight into what might motivate your own child at soccer practice While this is really a coaches book you may find it interesting to learn about offensive principles of play and the guided discovery questions allow you to ask good questions about the defensive side of the game For players It Pays to Win on Offense allows you to see where your coach might be coming from when he or she is teaching you defensive concepts Each coach will have their own style of delivery but most if not all of the general concepts in this book will hold true Also if your learning style is more book oriented you will be able to gain deeper understanding of defense and defending on your own time so you will be more comfortable in practices and games having already been exposed to the ideas For inexperienced coaches It Pays to Win on Offense provides you with a very detailed easy to understand set of games that can be applied to ANY setting This is primarily why the book is organized by the number of big goals you have available ALL of the games and activities contained in this book have been field tested and they work Game based Soccer gives you a framework for practices that will transfer to match days Because GBS is by definition game oriented it allows you to observe your players more without feeling that you have to jump in and be a coach this is the number one mistake I see inexperienced coaches make spending too much time talking with the players standing around getting bored For coaches who have some

experience It Pays to Win on Offense allows you to stay fresh and keep your players energized especially true when you have been coaching the same group of players for an extended period of time This framework may be useful as it challenges some schools of soccer thought with which you may be more familiar The package of activities questions and progressions can be used wholesale or picked apart depending on your comfort interest level For experienced coaches It Pays to Win on Offense provides you with some new perspectives and games with which to tweak your own coaching philosophy and practice implementation Some experienced coaches have told me that they use some of the games here as they hadn t come across them before Others have said that they really like the guided discovery questions because it gives them a new approach to try with their players Others still have told me that they started with one game in the book and then it morphed evolved into a different one This is what experienced coaches do they take something new and apply it to their own setting to get what they need from their players All in all I think anyone who has an interest in soccer specifically the offensive side of the game can get something from this book I hope you enjoy It Pays to Win on Offense and I welcome dialogue about Game based Soccer
