Social And Sexual Revolution:

Social and Sexual Revolution Bertell Ollman,1978 Bertell Ollman combines Marxist teachings with the revolutionary theories of Wilhelm Reich in formulating a socialist strategy that is appropriate to advanced capitalist societies **Erotic Wars** Lillian B. Rubin,1991 Results of Rubin s sociology Queens College and UC Berkeley intensive interviews or questionnaires with some 1 000 heterosexuals aged 13 to 48 and members of all social classes She studies the generation of the sexual revolution that which came of age inheriting the new mores and the young people of today Annotation copyrighted by Book News Inc Portland OR *The Case Against the Sexual Revolution* Louise Perry,2022-05-16 Ditching the stuffy hang ups and benighted sexual traditionalism of the past is an unambiguously positive thing The sexual revolution has liberated us to enjoy a heady mixture of erotic freedom and personal autonomy Right Wrong argues Louise Perry in her provocative new book Although it would be neither possible nor desirable to turn the clock back to a world of pre 60s sexual mores she argues that the amoral libertinism and callous disenchantment of liberal feminism and our contemporary hypersexualised culture represent more loss than gain The main winners from a world of rough sex hook up culture and ubiquitous porn where anything goes and only consent matters are a tiny minority of high status men not the women forced to accommodate the excesses of male lust While dispensing sage advice to the generations paying the price for these excesses she makes a passionate case for a new sexual culture built around dignity virtue and restraint This counter cultural polemic from one of the most exciting young voices in contemporary feminism should be read by all men and women uneasy about the mindless orthodoxies of our ultra liberal era Also available as an audiobook narrated by the author *The Illusory Freedom* Graham Heath,2013-09-24 *The Illusory Freedom* The Intellectual Origins and Social Consequences of the Sexual Revolution describes the profound changes in sexual attitudes and sexual behavior in Britain and other Western countries The book examines the reliability of the basis for the sexual revolution and whether its benefits outweigh the damages it has brought on society The author reviews the influence of Dr Alfred Kinsey s reports on over 12 000 humans subjects where Kinsey claims there is no normality or abnormality as regards sexual behavior The author notes that some sexual studies involved some bias the need to protect the family as an institution if society is to survive and faithfulness has its long term rewards His other findings show that no evidence points to sexual experimentation or promiscuity as causing long term happier relationships that media tends to present sexual anarchy as the norm and that guidelines for adolescent and ideals for adults should be established He notes quite interestingly that as the forces of sexual freedom are released by new regimes of generations it become more apparent that sexual freedom is an illusory freedom This book can prove interesting reading for feminists psychiatrists psychologists parents professionals and administrators of educational institutions as well as heads of public commutations and media **The Sexual Revolution** Wilhelm Reich,2013-07-02 In this book Wilhelm Reich summarizes the criticism of the prevailing sexual conditions and conflicts as it resulted from his sex economic medical experiences over a period of years

He demonstrates by way of individual examples the general basic traits of the conflicts in present day sexual living dealing particularly with the institution of marriage and the revolution in family life as well as with the problems of infantile and adolescent sexuality He also presents a detailed and revealing study of the sexual revolution that occurred briefly in Soviet Russia in the first few years of their economic revolution What we are living through Reich states is a genuine deep reaching revolution of cultural living which goes to the roots of our emotional social and economic existence The senses of the animal man for his natural life functions are awakening from a sleep of thousands of years Social Change Jeremy Greenwood, Nezh Guner, 2011 In 1900 only 6% of unwed teenage females engaged in premarital sex Now three quarters do The sexual revolution is studied here using an equilibrium matching model where the costs of premarital sex fall over time due to technological improvement in contraceptives Individuals differ in their desire for sex Given this people tend to circulate in social groups where prospective partners share their views on premarital sex To the extent that society's customs and mores reflect the aggregation of decentralized decision making by its members shifts in the economic environment may induce changes in what is perceived as culture The Sexual Revolution Mary E. Williams, 2002 Explores how changes in attitudes toward sexuality and developments such as readily available means of birth control transformed society throughout the twentieth century *The Sexual Revolution in Russia* Игорь Семенович Кон, 1995 Sexual Chaos John N. Vertefeuille, 1988-01-01 **Our Social and Sexual Revolution** John R. W. Stott, 1999 Our Social and Sexual Revolution will appeal to discussion groups and anyone interested in current social issues A study guide is included at the end of the book *Understanding Global Sexualities* Peter Aggleton, Paul Boyce, Henrietta L Moore, Richard Parker, 2012-07-26 Over the course of the past thirty years there has been an explosion of work on sexuality both conceptually and methodologically From a relatively limited specialist field the study of sexuality has expanded across a wide range of social sciences Yet as the field has grown it has become apparent that a number of leading edge critical issues remain This theory building book explores some of the areas in which there is major and continuing debate for example about the relationship between sexuality and gender about the nature and status of heterosexuality about hetero and homo normativity about the influence and intersection of class race age and other factors in sexual trajectories identities and lifestyles and about how best to understand the new forms of sexuality that are emerging in both rich world and developing world contexts With contributions from leading and new scholars and activists from across the globe this book highlights tensions or flash points in contemporary debate and offers some innovative ways forward in terms of thinking about sexuality both theoretically and with respect to policy and programme development An extended essay by Henrietta Moore introduces the volume and an afterword by Jeffrey Weeks offers pointers for the future The contributors bring together a range of experiences and a variety of disciplinary perspectives in engaging with three key themes of sexual subjectivity and global transformations sexualities in practice and advancing new thinking on sexuality in policy and programmatic contexts It is of interest to students

Critchlow,1999 After World War II American policy experts convinced that unchecked population growth threatened global disaster successfully lobbied bipartisan policy makers in Washington to initiate federally funded family planning In Intended Consequences Donald T Critchlow deftly chronicles how the government s involvement in contraception and abortion evolved into one of the most bitter partisan controversies in American political history Intended Consequences encompasses over

four decades of political history examining everything from the aftermath of the Republican moral revolution during the Reagan and Bush years to the current culture wars concerning unwed motherhood homosexuality and the further protection of women's abortion rights Critchlow's carefully balanced appraisal of federal birth control and abortion policy reveals that despite the controversy the family planning movement has indeed accomplished much in the way of its intended goal the reduction of population growth in many parts of the world

Grossman, 2024-09-02 Sociology of Sexualities is an insightful exploration of sexuality through a sociological lens offering a comprehensive understanding of sexualities and gender identities The Third Edition brings to light the current societal challenges faced by LGBTQ and reproductive rights the influence of technology on sexuality and the impact of the COVID 19 pandemic on sexual behaviors

Sex Before the Sexual Revolution Simon Szreter, Kate Fisher, 2010-10-14 What did sex mean for ordinary people before the sexual revolution of the 1960s and 1970s who were often pitied by later generations as repressed unfulfilled and full of moral anxiety This book provides the first rounded first hand account of sexuality in marriage in the early and mid twentieth century These award winning authors look beyond conventions of silence among the respectable majority to challenge stereotypes of ignorance and inhibition Based on vivid compelling and frank testimonies from a socially and geographically diverse range of individuals the book explores a spectrum of sexual experiences from learning about sex and sexual practices in courtship to attitudes to the body marital ideals and birth control It demonstrates that while the era's emphasis on silence and strict moral codes could for some be a source of inhibition and dissatisfaction for many the culture of privacy and innocence was central to fulfilling and pleasurable intimate lives
