Strommenger,1959\*      Archaeological Explorations in Syria 2000-2011 Jeanine Abdul Massih,Shinichi Nishiyama,Hanan Charaf,Ahmad Deb,2018-07-16 Syria has been a major crossroads of civilizations in the ancient Near East since the dawn of human kind This volume brings together scholars involved in archaeological activities in Syria and focusses on the scientific aspects of each explored site allowing researchers to examine in detail each heritage site its characteristics and identity

**The Archaeology of Political Spaces** Dominik Bonatz,2014-04-01 This book consisting of 12 contributions amalgamates the most recent results from archaeological research in the Upper Mesopotamian piedmont Under the growing influence of expanding territorial states which had become established during the 2nd millennium BC this region experienced a substantial change in social and political life during that time The discussion is centered around settlement shapes developments in the material culture as well as written documents that attest to this change In summary this book emphasizes the significant roll of archaeological research in the reconstruction of models concerning the formation and transformation of political space in the ancient world      The Late Bronze Age and Early Iron Ages of Central Transjordan

Patrick E. McGovern,Robin Brown,1986 A critical transition period in the archaeology and history of Palestine the Late Bronze Age and Early Iron Age is described in detail from the perspective of a group of sites in the Baq ah Valley A major emphasis is on how scientific techniques including magnetic location of undisturbed burial deposits and analytical reconstruction of very early industries can be effectively integrated into an archaeological project Contrary to traditional views the evidence supports a relatively peaceful development within a single cultural tradition rather than the intrusion of a new people or segment of the existing population by invasion migration or revolt University Museum Monograph 65
