# Identifying Primary and Secondary Sources: The American Revolution

Historians use many types of sources to study past events.

**Primary sources** are made by people who witness historical events. These sources are usually created when the events took place.

### Examples:

- newspaper articles
- photographs
- diaries
- letters

**Secondary sources** are made by historians or other people who research historical events. These sources are usually created after the events took place.

### Examples:

- history books
- textbooks
- scholarly articles
- documentaries

**Directions:** Read the table containing different sources about the American Revolution (1775-1783). Put a check mark to show whether each source is **primary** or **secondary**.

2.	Liberty! The American Revolution, a documentary produced in 2004 about the Revolutionary War.		
3.	The Articles of Confederation, a document adopted by the Second Continental Congress in 1777.
