Climate Variability of Southern High Latitude Regions Nelay Khare,2022-04-06 This is the first book to provide a comprehensive overview of climate change related investigations carried out by Indian researchers through initiatives in southern high latitude regions. It explains climate variability over the Southern Ocean and Antarctica, air-sea-ice and atmosphere interactions, and the impact of climate variability on sea ice and the polar atmosphere. The data were gathered at two Indian research bases, Maitri and Bharti, which are ideal sites to study and understand climatic evolution in Antarctica in the past and recent changes. This book helps to understand climatological perspectives and to evaluate some of the most pressing issues in the south polar region. **FEATURES** Highlights the achievements of India in the contemporary field of Antarctic climatology. Presents four decades of research by Indian scientists in Antarctica, which is now shared for the first time with the global community. Includes case studies on climatological and environmental conditions of natural archives to shed light on climate scenarios in the Southern Ocean and Antarctic regions. Covers various aspects of climate variability and induced air-sea-ice-atmosphere interactions. This book is edited by one of the top scientists and researchers of India in the field of paleoclimatology, and the contributors are experts in the Antarctic region. **Southern Practitioner**, 1887

Maritime Heritage of Southern Peninsular India B. Arunachalam,2025-12-30 First published in 2010. Maritime Heritage of Southern Peninsular India is a comprehensive exploration of the maritime traditions of the Indian Peninsula South of 14°N. The book examines the region's enduring cultural connection to the sea since the historic period, delving into maritime skills, techniques, tools, sea voyages, and adventures. It also highlights the deep ties between coastal communities and the sea, reflected in their culture, folklore, daily life, festivals, and sea deities. Based on extensive fieldwork and archival research, this work is an essential resource for scholars of Indian maritime history, history of Indian navigation, historical geography, and South Asian studies. **Transactions** California State Agricultural Society, 1889 **Knowledge**, 1887 **Atmospheric Density Variations in the Southern Hemisphere at Low Satellite Altitudes** F.
