Southern Mystique:

The Southern Mystique Howard Zinn, 1964 In one of his first books Howard Zinn examines the politics of the South and his own experiences there In this volume drawing on Zinn's own experiences teaching in the South and working within the Southern civil rights movement Zinn examines the mystique of the South as it exists in the imaginations of outsiders and challenges the stereotypes surrounding the South The book also explores race relations and how change happens in history From the Zinn Education Project website [The Southern Mystique](#) Urszula Niewiadomska-Flis, 2012-07 Amb la intenci de reconsiderar la construcci meridional del g nere que es mostra en la ficci i en les pel l cules del segle XX naix aquest volum Tres aspectes conceptuals guien la investigaci En primer lloc les dones del sud poden treballar des de i en contra dels discursos de g nere de la seua societat a trav s de les pr ctiques culin ries En segon lloc a trav s de l amistat femenina les dones poden transgredir el seu lloc prescrit pel patriarcat En tercer lloc per a infondre la construcci de g nere les dones han de desafiar la protecci patriarcal i desobeir les regles de confinament de la feminitat en l espai dom stic Aix aquest volum q estiona els efectes materials dels mites meridionals sobre les construccions i les negociacions de la condici de dona meridional contra les normes blanques masculines i heterosexistes de la cultura del sud [The Southern Mystique](#) Howard Zinn (historien).), 1964

The Zinn Reader Howard Zinn, 2011-01-04 No other radical historian has reached so many hearts and minds as Howard Zinn It is rare that a historian of the Left has managed to retain as much credibility while refusing to let his academic mantle change his beautiful writing style from being anything but direct forthright and accessible Whether his subject is war race politics economic justice or history itself each of his works serves as a reminder that to embrace one's subjectivity can mean embracing one's humanity that heart and mind can speak with one voice Here in six sections is the historian's own choice of his shorter essays on some of the most critical problems facing America throughout its history and today [The Possible South](#) R. Bruce Brasell, 2015-11-09 Using cultural theory author R Bruce Brasell investigates issues surrounding the discursive presentation of the American South as biracial and explores its manifestation in documentary films including such works as Tell about the South bro ken ground and Family Name After considering the emergence of the region's biraciality through a consideration of the concepts of racial citizenry and racial performativity Brasell examines two problems associated with this framework First the framework assumes racial purity and second it assumes that two races exist In other words biraciality enacts two denials first the existence of miscegenation in the region and second the existence of other races and ethnicities Brasell considers bodily miscegenation discussing the racial closet and the southeastern expatriate road film Then he examines cultural miscegenation through the lens of racial poaching and 1970s southeastern documentaries that use redemptive ethnography In the subsequent chapters using specific documentary films he considers the racial in betweenness of Spanish speaking ethnicities Mosquitoes and High Water Living in America Nuestra Comunidad probes issues related to the process of racial negotiation experienced by Asian Americans

as they seek a racial position beyond the black and white binary Mississippi Triangle and engages the problem of racial legitimacy confronted by federally non recognized Native groups as they attempt the same feat Real Indian

The Myth of Southern Exceptionalism Matthew D. Lassiter, Joseph Crespino, 2010 The Myth of Southern Exceptionalism dismantles clichés about regional distinctiveness and rewrites modern American history through a national focus on topics such as the civil rights movement conservative backlash and liberal reform the rise of the Religious Right the emergence of the Sunbelt and the increasing diversity of the suburbs

Howard Zinn Davis D. Joyce, 2010-05 This first ever biography of Zinn traces in broad strokes the story of his life placing special emphasis on his involvement in both the Civil Rights movement and the Viet Nam War protests

Freedomways, 1965

Here We May Rest Silvia Giagnoni, 2017-04-01 Hailed as the most restrictive immigration bill in the nation the Beason Hammon Alabama Taxpayer Citizen Protection Act known as HB 56 went into effect in September 2011 Its intent was to create jobs for Alabamians by making the lives of undocumented immigrants in the state impossible so that they would self deport It failed Here We May Rest offers a comprehensive explanation of how and why HB 56 came about and reports on its effects on immigrant communities Author Silvia Giagnoni argues that the legislation was anti immigrant not merely anti illegal immigration as its proponents claimed Building a case against the legalistic framework through which the bill was promoted Giagnoni dissects the role the media and Fox News specifically played in criminalizing immigrants as well as mainstreaming immigrant haters which created the xenophobic climate that paved the way for the Trump Presidency The new immigrants of Alabama take center stage in the second part of the book reclaiming their role in the cultural social and economic development of the state Giagnoni concludes with an appeal against any form of social segregation because only direct contact massive prolonged equal and intimate as Howard Zinn argued will cure the stereotyping and prejudice that feed ignorance and foster fear

Tom Petty's Southern Accents Michael Washburn, 2019-04-04 By 1985 Tom Petty had already obtained legendary status He had fame He had money But he was restless hoping to stretch his artistry beyond the confining format of songs like The Waiting and Refugee Petty's response to his restlessness was Southern Accents Initially conceived as a concept album about the American South Southern Accents's marathon recording sessions were marred by aesthetic and narcotic excess The result is a hodgepodge of classic rock songs mixed with nearly unlistenable 80s music Then while touring for the album Petty made extensive use of the iconography of the American Confederacy something he soon came to regret Despite its artistic failure and public controversy Southern Accents was a pivot point for Petty Reeling from the defeat Petty reimagined himself as deeply almost mythically Californian obtaining his biggest success with Full Moon Fever Michael Washburn explores the history of Southern Accents and how it sparked Petty's reinvention Washburn also examines how the record both grew out of and reinforced enduring but flawed assumptions about Southern culture and the Lost Cause of the Confederacy
