Lordship and Liberation in Palestine-Israel Muhannad Ayyash,2025-07-22 This interdisciplinary book provides timely fresh perspective on Palestine Israel by rethinking the nature of settler colonial sovereignty and the relationship between land and people Muhannad Ayyash argues that this relationship comes in two

distinct forms a settler colonial type practiced by the Israeli state that consists of lordship over land and people and a decolonial type seen in Palestinian popular organizing that he calls land as life a reciprocal bond The former is characterized by private ownership possession and violent expulsion of others the latter by communal ownership belonging to the land and opposition to the violence of expulsion Ranging widely across theory and history Ayyash contends that the opposition between these two types is at the core of the Palestinian Israeli struggle The choice before us today he concludes is between the continuation of the Israeli settler colonial project in particular and the project of colonial modernity in general or the commencement of a decolonial age in Palestine Israel and beyond Offering both novel theorizations and politically engaged analysis Lordship and Liberation in Palestine Israel illuminates how decolonial sovereignties represent an alternative to settler colonial violence

Slow Adventism Hanz Gutierrez Salazar,2025-12-11 A fast Adventism as much as a hypertrophic body is not necessarily more performant Faster and bigger are not necessarily synonyms of health or flourishing In order for somebody or something to flourish it may be necessary to recover incompleteness vulnerability and slowness as necessary and primordial conditions for becoming human Full and plethoric entities are inappropriate and unprepared to flourish because they are not touched by a beneficial emptiness that is essential for surviving and entering into relation As much as persuasive and touching melodies presuppose and include silence and pauses so healthy beings are not plethoric but intermittent and interrupted entities they are reasonable beings who have learned to perceive life s systole and diastole as mechanism that support life in its contractions and expansions in its affirmation and flexibility in its giving and receiving in the context of the multiple relationships that life offers and demands from us *Faith Finding Meaning* Byron L. Sherwin,2013-02-28 Byron Sherwin demonstrates that Jewish theological thinking can be understood as a response to visceral existential issues and argues that human meaning and fulfillment can be discovered in the application of an authentic Jewish way of thinking and living *The Routledge Companion to the Life and Legacy of Guru Hargobind* Pashaura Singh,2024-08-09 This companion studies the life and legacy of Guru Hargobind 1590 1644 the Sixth Guru of the Sikh tradition It highlights the complex nature of Sikh society and culture in the historical and socio economic context of Mughal India The book reconstructs the life of Guru Hargobind by exploring the divine presence in history and memory It addresses the questions of why and how militancy became explicit during Guru Hargobind s spiritual reign and examines the growth of the Sikh community s self consciousness separatism and militancy as an integral part of the process of empowerment of the Sikh Panth A unique contribution this book provides a multidisciplinary paradigm in the reconstruction of Guru Hargobind s life and legacy It will be indispensable for students of Sikh studies religious studies history sociology of religion anthropology material culture literary and textual studies politics militancy and South Asian studies **The Monist** Paul Carus,1899 Vols 2 and 5 include appendices *Mind* ,1888 *Psychic Phenomena, Science and Immortality* Henry Frank,1911 **The Journal of Education** ,1887 **Some Views of the Time Problem ...** Benjamin Whitman Van
