Zaloga, 1987 **USSR Information Bulletin**, 1952 *Military Review*, 1990 **Infantry**, 1960 [The Current Digest of the Soviet Press](#), 1978 [The Soviet Military Experience](#) Roger R. Reese, 2002-01-04 The Soviet Military Experience is the first general work to place the Soviet army into its true social political and international contexts It focuses on the Bolshevik Party s intention to create an army of a new type whose aim was both to defend the people and propagate Marxist ideals to the rest of the world It includes discussion of the origins of the Workers and Peasant s Red Army effects of the Civil War Bolshevik regime s use of the military as a school of socialism effects of collectivization and rapid industrialisation of the 1920s and 1930s Second World War and its profound repercussions ethnic tensions within the army effect of Gorbachev s policies of Glasnost and Perestroika **Air University Library Index to Military Periodicals**, 1958 [Handbook on the Soviet Army](#) United States. Department of the Army, 1959 **Soviet Russia Today**, 1948 *Current History*, 1920 *Air University Periodical Index*, 1958 **United States Naval Institute Proceedings** United States Naval Institute, 1922 **Littell's Living Age**, 1937 [The New York Times Current History](#), 1919 **Blitzkrieg to Desert Storm** Robert Michael Citino, 2004 When Germany launched its blitzkrieg invasion of France in 1940 it forever changed the way the world waged war Although the Wehrmacht ultimately succumbed to superior Allied firepower in a two front war its stunning operational achievement left a lasting impression on military commanders throughout the world even if their own operations were rarely executed as effectively Robert Citino analyzes military campaigns from the second half of the twentieth century to further demonstrate the difficulty of achieving decisive results at the operational level Offering detailed operational analyses of actual campaigns Citino describes how UN forces in Korea enjoyed technological and air superiority but found the enemy unbeatable provides analyses of Israeli operational victories in successive wars until the Arab states finally grasped the realities of operational level warfare in 1973 and tells how the Vietnam debacle continued to shape U S doctrine in surprising ways Looking beyond major power conflicts he also reveals the lessons of India s blitzkrieg like drive into Pakistan in 1971 and of the senseless bloodletting of the Iran Iraq War Citino especially considers the evolution of U S doctrine and assesses the success of Desert Storm in dismantling an entrenched defending force with virtually no friendly casualties He also provides one of the first scholarly analyses of Operation Iraqi Freedom showing that its plan was curiously

divorced from the realities of military history grounded instead on nebulous theories about expected enemy behavior Throughout Citino points to the importance of mobility especially mobilized armor in modern operational warfare and assesses the respective roles of firepower training doctrine and command and control mechanisms Brimming with new insights Citino s study shows why technical superiority is no guarantee of victory and why a thorough grounding in the history of past campaigns is essential to anyone who wishes to understand modern warfare Blitzkrieg to Desert Storm provides that grounding as it addresses the future of operational level warfare in the post 9 11 era **Current History and Forum** ,1918
