I just make everything as simple as possible so that you can take what you learn from this book and use it right away. Buy it now and start improving your Spanish immediately.

The thought about traveling to a new country where you can't understand or speak the language can sound scary. But it doesn't have to be. You can learn vocabulary, grammar, and phrases for just 10 minutes a day. In 2016 a study called "The Right Time to learn" by Paul Smolen for the NCBI journal states studying with any considerable number of repetitions a suitable distribution of them over a space of time is decidedly more advantageous than the massing of them at a single time. Meaning you should study for 10 minute intervals every day to maximize your long term Spanish learning goals. In this book you will find it easy to understand vocabulary, grammar, and everyday phrases. With just 10 minutes a day Spanish doesn't need to be hard or impossible to understand. In this eye opening book you will find how understanding 2 of these words is essential in everyday Spanish and how to use them without making a mistake.
